Your Board will have been prepared to anticipate a Reduction of the Land Revenue by the Monthly Returns of the State of the Season submitted with the Statements of Demand Collection and balance, the North east Monsoon entirely failed, and there is considerable Reduction in the Cultivation, and heavy Remissions on account of Sh[illegible] or withered Crops. The Season also had I regret to state pressed heavily on the Ryots, it has[illegible]

been

been usual to grant remission for losses in the Poonjah lands the inhabitants therefore have in many cases under this responsibility payed where they have not reaped and deficiency of product has not as usual been compensated by a corresponding rise in the price of Grain— The Cattle have been destroyed by want of water and grass and Cholera has been Committing its ravages among the Inhabitants in one part or another of the district from the Month of December to the present time—

5th In addition to the reduction arising from decreased Cultivation your Board will observe a considerable defalcation from shary in the Nunjah Amounting to Rupees 79257-3-8- It has been usual in this District to withhold and carry to Account 10 per Ct. of the Shary claimes in order to cover loss from false returns and this practice is not objectionable in favorable years, I thought it proper to forego this practice during the present year in order to alleviate the Circumstances of the Inhabitants— This indulgence was urgently solicited by them

the grant was politic a compliance with their wishes gave them confi-
dence that the Government will not press them in their difficulties
There are a few exceptions indeed to this indulgence in the Sub
Collectors Division in 78 Villages the Jummabundy settlement
of which was framed before the General rules were prepared on the sub-
-ject. But the amount thereby imposed was not of that magni-
-tude which rendered it expedient to recall the Kurnums and
revise the Accounts—

6 The Cowle Remission in the Punjah has
increased (by the grant of new waste lands in Cowle) from Rupees
9751-5-3 to Rupees 12338 5 5 and in the Nunjah from Rupees
2989 3 11 to Rupees 4205 0 5. The Cowle Remission has chiefly
occurred in the Dindigul Division, and will continue to
increase with favorable seasons, because the Inhabitants
anticipate that Cultivation will be profitable from the new
modification of the Dindigul assessment already submitted to
your Board— In the Sub Collectors division in which the
assessment is moderate, there is comparatively but little waste,
the Cowle grants therefore will not increase in the same degree
I have been induced to depart from the Cowle namah in a few
cases in the Village of Veroopatchee at the request of the inhabitants
in as much as for clearing the deep Jungles— I have granted the
lands gratis for 2 Years with full assessment the third year in-
-stead of an increasing assessment of five years, this is precisely
the same to the Government, and the Inhabitants prefer it be-
-cause they recover at once their outlay for breaking down the large
trees and Clearing the land I considered it in fact expedient
to get these pestiferous jungles cleared at any terms, and I am hap-
-py to state that I have nearly accomplished my object, The Vir-
-patchy Jungles two years ago were infested with wild Animals,

thieves

3213

thieves and Decoits, so that travellers considered themselves fortunate if they escaped safe during their progress thro' them, the Jungles have now disappeared and travelling is safe —

[margin: ...ch 19 8 4 7 / ...ch 12 4 2]

The Enam Remission appears in the Account from inadvertence it will be transferred to the Enam Account hereafter

8th The Moonasib Kummer Remissions have necessarily been reduced from the falling off of the Cultivation, your Board are aware that this Moonasib remission was introduced by Mr. Peter and it has continued in operation since its first introduction pending the final determination of your Board — Mr. Peter did not effect a complete revision of the assessment in some few villages among which are included Keernoor a Nunjeh village in the Syempully Talook Goodaloor and Kunnavoypatty Villages in the Singary talook — The poverty of the Keernoor inhabitants rendered a Moonasib remission necessary and I have allowed it to the extent of Rupees 228 9 7 out of a Nunjeh beriz of Rupees 1773 — 15 " of the necessity of this your Board will be convinced on inspection of the rates of Keernoor compared with Moscadavoo, the village above it on the same stream, This I think should be allowed to remain until the revised rates submitted to your Board have been disposed of —

[margin: Keernoor / Syempully / 54 — 4 / 30 / 29 4½ / 24 3½ / 17 ½ / 15 4 / Moscadavoo / Moonasib / 30 fs / 18]

9 Goodaloor is situated in a valley at the extremity of the Sinkaray Valley, surrounded by hills, it has no access to a ready market and the Inhabitants were unable to cultivate on the old Established rates of Teerwah, the Country in fact is on the point of being utterly closed by the encroachment of jungle and unless some equitable rate of assessment is introduced, the country will be abandoned to the elephants I have therefore ventured to allow a Moonasib as stated in the Margin in which I think should your Board approve it, be allowed to operate until some final

The Kannavoypetty people have been allowed a Moonaul as stated in the Margin under the same persuasion of its necessity: I beg your Board will be pleased to confirm the indulgence pending final orders on the proposed alteration of the Dindigul assessment.

11 With reference to the concluding remark of the 8th Para of your Board's proceeding on the last year settlement I beg to explain that the Marungapoory talook, altho' entered in the Dindigul Division, is more connected with Madura, the assessment was framed subsequently to that of Madura after the Collector had extended his experience of the productive value of the lands of the District. Maroongapoory therefore is as perfectly and easily assessed as the Government or the Inhabitants could wish, It is a highly flourishing talook and well improved annually, The well cultivation here is not assessed higher than 15 fully fanams per Gunta whereby the Inhabitants freely engage in the digging of cultivating wells at their own expense – which leads to certain advantage. It was with a view to this result in Marungapoory and the great utility of promoting garden cultivation in dry Districts that I have proposed considerable reduction in the revised assessment of Dindigul –

12 The additional remission made this year under the head of increase measurement was explained in the 6th Para of my report for fusly 1240. The remission has been allowed on measurement which is set forth in the accompanying Statement

No. 11 No. 11. I beg to explain with reference to the Board's observation in para 11 of their proceedings that "abatement should only be allowed for such as may be deficient more than 10 per Cent" The per centage noted in my report as 6¼ per Cent was fixed [illegible] because it was 1/16 or Anna. as this calculation was usual I have not disturbed it.

I

13 I further beg to explain with reference to your Boards direction in the 25th Para of your proceedings that the Revenue termed malapanum is derived from Rocy lands cultivated with the Coota or pickaxe solely on the Stony Slopes of mountains, the revenue is determined at so much per Coota not upon the extent of land in consequence of the difficulty of measurement. The Revenue has been considered therefore in the nature of a rent. The Hill rents are derived from the villages on the Vaughrey mountain which were rented to the chiefs or Mahanadies for five years, this term has now expired and it will be necessary to renew the lease, when I visited these villages some time back many of the inhabitants requested that an individual settlement might be made with them, this however is at present impracticable, in consequence of the difficulty of Communication. It is my intention to submit an estimate for opening the defiles so as to enable trading bullocks to travel without danger this will facilitate trade and enable the Hill Inhabitants the more easily to dispose of their products. I fancy 600 Rupees will be sufficient for the purpose —

14 It does not appear to me that the other remissions require remark, with the exception of the grant of back yards to the Pulney Poligars or Hill people amounting to Rupees 16 which I consider proper in order to induce this Class of People to continue their residence in the passes of the Hills. This indulgence is allowed by the Proprietors of the neighbouring Zemindaries of Ratnambady and Ayagoody, who find their advantage in protecting this Class of People in consequence of their activity in keeping off wild Cattle in preventing thieves from lurking in the passes and in keeping up a communication with the villages on the Pulney mountains, the Ryots of the circar villages under the Hills require the assistance of these people also, the liberty of the Zemindars induce them to resort

to

to the Zemindaries instead of the Sircar lands the grant I have given therefore is expedient. These people always reside in the passes or at the opening of the mountains, and the Sircar tax on such Cultivation is never more than two Cally fanams per Guntah, the grant therefore to each house of two Guntahs is a mere trifle and will induce them to settle and prove useful, I beg to recommend that authority be given for similar grants to other applicants amongst the class of people –

15th. With reference to the Sub Collector's observation on the Serowah of Nattom in the 17th Para of his Report I fully concur with him in opinion that a revision of the assessment is expedient, attention may be given to this point after the Board have passed their orders on the papers submitted to relative to the Dindegul assessment –

16 I recommend also that the Gardens in the Perriaurpoke on the banks of the Vygay river may be assessed at 1½ Pagoda per Cawney – this rate of assessment is the Amount usually levied from Gardens held under Government Grants –

17 I beg to bring to your Notice that it has been usual in this District to Collect a tax on fruit trees which grow in the private Gardens of the Inhabitants and this tax is collected independently of the garden assessment, this tax appears to me highly impolitic, as it is trifling in Amount, it destroys the value of Garden lands in as much as it prevents the Inhabitant from doing what he pleases with land the tax on which is professed by fixed, it prevents the planting of new trees, it induces Ryots to destroy all trees the profits of which are not certain, and it partly prevents the Ryots from cultivating the waste Garden lands. The Inhabitants themselves urgently petition at every Jummabundy settlement that this tax may be remitted – they say justly that the

trees

trees are required particularly to shelter the Cattle and the people from the heat while working the Gardens and wells. The tax altogether in the Dindigul province is only 659 Rupees which is one per Cent on the Garden revenues, it appears scarcely sufficiently valuable to be worth preserving and the Circumstance of its exciting the dissatisfaction of the Cultivator appears to me to render it expedient to dispense with the future Collections on this account. The total waste of the garden lands in the Dindigul Division is Rupees 34448 upon which property has been expended for well &c. I think it incumbent to remove all causes which have produced the abandonment of this property.

18 A Statement of the Land Revenue balances is submitted underneath.

The greater portion Rs. 182,000 is on account of Shevagungah in consequence of the difficulty of disposing of the grain without the grant of reasonable instalments. With the exception of Rupees 130,000 for which there are no funds at present available as reported in my Letter dated 8th July 1832 the remainder will be realized in a Month.

19 There is a balance due from Ramnad to the Amount of Rupees 27000 for which there are funds.

20 The unsettled Zemindaries against which there are arrears have

have been attached—

21 The Ayan land Revenue balance of Rupees 92000 will be realized before the end of September this arises from the Custom of deferring part of the collection in scarce years till the ripening of the Hose crop in August and September, this indulgence may be fairly allowed in this district as the Ryots are an honest race and may be trusted—

22. The Sub Collector continues in charge of the Madura division agreeably to your orders dated 11th June 1829 throughout his management he has proved himself an able revenue officer, and this charge could not be entrusted to better hands—

23 Mr. Anstruther the Head Assistant has charge of the Sadecumboo Talook, and he has conducted all the laborious duties of the Police in both Departments Revenue & Police he has acquired an efficient knowledge of the details and has rendered me ample and valuable assistance—

The visit of the Head Assistant of Tanjore and the outrage imputed to him and the people who accompanied, appear to be quite unaccountable, and I hope your Board will prevent a repetition of similar visits by the Gentlemen of Tanjore — Your Board will concur with me that it is impossible to expect that traders will resort to the pans of this district for salt if liable to molestation from the Officers of the neighbouring district —

To the presence of H. Viveash Esqr Principal Collector of Madura &c
Arzee from Appavyen Acting Amildar of the Salt pans at Ramnad

On the morning of the 4th Instant, Sobyen brother of Narangen late Amildar, who is Peshcar of Shenthalay &c pans in the Tanjore District, came to Theerthandadanum Salt pan, and when he was asked what brought him there, he said that he came to enquire about the news of his brother having gone to Madura, at the same time, Jemadar Eselenthavar and 2 Peons of the said Zillah came there, Sobyen and the Jemadar &c said that they intended to go as far as Vuttanum Saltpan and proceeded thence, and examined the Vuttanum and Kaleeyaghery Heaps on the plat forms & between enquired of the Carnal peon why the maricat was not yet brought, and how the Salt is measured, and left the place saying that he was going to join the Collector at Meenpeethel. These Circumstances are reported by the Sumprdys of Theerthandadanum Vuttanum

15.20

Vattamun and Walcanaghery, and by Ramasawmy &c. Peons of the Head Cutchery who were sent to invite the Kora Merchants to the Pan.

Exclusive of these, the Olah written by the Sumperdy of the Shermadevum and Peons on the 29th Instant came to me the morning, which mentions that Mr Blair Assistt. Collector in charge of the Sea port Salt Chowkeys of Tanjore, accompanied with Shreistadar Ramalingum Pillay, Pykurt Soobyen, Jemedar Csalentharow, & 40 Peons with belts and brass badges, & 4 or 5 Sepoys with 5 or 6 Servants of the pans belonging to the said Zillah and 20 Salt Manufacturers came to the said pan with 10 mercals, levelling measuring planks, Baskets, swords, pikes, and Muggerts from Meenperkel by the road of Tupena-vaukel, and having also at Yetterchairee about quarter mile from the pan on the West, where the Kora Merchants had heaped the Salt they had purchased from the pans, they placed 10 Peons and the Shreistadar over the merchants and the Salt, & proceeded to the Salt pan where they inspected the heaps, made examination of the Cavool peons, and then proceeded to the house of the Sumperdy, where the said Gentleman stood at the door, and sent the Jemedar and peons to enter into the house of the Sumperdy to call him, that he accordingly came out of his House to the said Gentleman who asked him to furnish an Account of the quantity of salt sold to the Kora Merchants, to which he replied, that the whole of the Salt was not yet measured to them, that in consequence of being required to furnish Accounts of the quantity already measured and delivered to them, that he gave an Account of the quantity delivered to them up to the 28th, that the said Gentleman, made enquiry into the peons, and Ryots were individually present, and asked them whether they knew any thing about the salt measured to the merchants, and returned back again to the merchants where having called each man separately to him, enquired of them what quantity of Salt each person had

had purchased, and having compared their information with the accounts ordered to be brought before him our pan's salt, whereupon the merchants complained that they had not received the whole quantity of salt purchased by them, for which they had to receive Rowanahs and to pay for the same and that if they are thus molested by Gentleman at the entrance of the pans, that they would not be able to manage and with much discontent, they quitted their huts with their families and went away that afterwards he caused our mans salt to be brought before him, cut open with a knife the mouth of the bag of salt and threw out the salt whereupon the merchants said that they would not have their salt measured with the swords, The Gentleman then unsheathed a sword and holding it in his hand threatened the merchants and silenced them afterwhich he took an account of the number of bags of salt, and got angry with Oykunt Soobyen who he beat with a Chabuk stick, and placed 4 Peons over him as Mohsool, and returned back to Soroponah vaukhel with the peons that accompanied him. Copies of the 2 Olehs are herewith sent, the perusal of which, will make your honor acquainted with all Circumstances—

In these pans as no rain has fallen, much distress is experienced for the want of water. In this state of circumstances, the merchants are invited to the pans from distant places by peons who are sent out to meet them, and some of them come and pitch their huts near the pans and purchase salt— whilst others keep themselves at a distance of 3 or 4 days march from the pans; at such a period of drought and distress should the Assistant Collr. of another Zillah come to the pans, and cause annoyance to the merchants, how can they purchase Salt— In consequence of such transactions having transpired, the merchants who are coming behind to the pans were afraid to come to the pans. I have written to the Sumperdy to give confidence to the merchants, and to send for more merchants and to exert their vigilance in the sale of salt—

16 [illegible]

It has from a long time been customary for the merchants to come and halt at the pans for 3 or 4 days to purchase such a quantity of salt as they may require and after they have received their full quantity to obtain Rowanahs and to pay the value of the Salt - Whilst such is the case, should the Merchants experience annoyance previous to their receiving the full quantity of their purchases, it will be difficult for other merchants who purchase large quantities of salt to come to the pans. If one Man is molested, it will induce all other merchants combinedly to refrain coming to the pans - all this annoyance appears to have been occasioned by Soobbyen Sykut, Brother of Narroynen late Amildar, wherefore it is necessary that a Letter should be addressed immediately to that Gentleman, requesting that he issue strict order to the servants of his Department that they should not on any account whatever cause any unnecessary trouble and annoyance to the merchants who purchase Salt at the pans of this District - should a similar trouble be occasioned, it is not expected that any great quantity of salt will be sold in the present Month -

I shall abide according to orders

To
The President & Members of the
Board of Revenue

Gentlemen

I have the honor to furnish a Statement exhibiting the information required by your secretary's letter dated 16th Ultimo relative to the revenues of the Meenautchee Pagoda of Madura.

The revenues are derived from maniums Villages reported to your Board in Mr Hardie's Letter dated 27th January 1802.

The Amount received since I took charge of the District Amounts to Rupees 70146 - 7 - 0 this regular disbursements Rs 51106 - 15 - 4 leaving a balance of Rupees 21045 14 6 from which must be deducted Charges of Certain department of the Pagoda beyond the revenue of the Villages appropriated to them in consequence of the revenue of the year falling below the Tasdeek or fixed allowance - This exes amounts to Rupees 2006 - 6 - 10 which deducted leaves a net balance in my Treasury to Rs 19039 7 - 8 as entered with other Davastanum fund in the Account particular of the deposit Account forwarded to the Accountt General.

The Disbursements are made monthly thro' the hereditary superintendants of the different kuttays or department agreeably to the fixed tasdeeks and receipts are furnished to the Taasildars.

The Account I have furnished commences from the Month of August 1828 when the treasury was reoccupied subsequently to Mr Peter's death, the Amount of the Kulay balances before that period was embezzled.

The Statement No 2 of disbursements on Account of the Minatchy Pagoda for the past fusly 1241 will furnish the required information regarding the Meenatchy Pagoda expenditure.

I have now the honor to solicit that your Board will sanction the proposed outlay of Rupees 16000 for the Jeernodharanum ceremonies as recommended in my letter dated 28th June 1832.

To

The President & Members of the Board of Revenue

Gentlemen

Cons[n] I have the honor to state to your Board

1 that I have issued instructions to retain the Shivagungah Zemindary under strict attachment agreeably to your orders dated 19th July last.

2 I regret that your Board have refused to postpone the collection of the outstanding balance as recommended in my letter of the 8th of July as it has prevented the Zemindar from entering into engagements which would have relieved himself and the Zemindary from distress, and I do think that an indulgence would with great justice have been allowed without establishing any troublesome precedent, because the Zemindars unsettled claim to motarpha remission against the Government is nearly equal to the balance outstanding against the Zemindary.

3 Your Board I hope will agree with me in the propriety of providing some allowance for the maintenance of the Zemindar and his dependents pending the attachment, I can assure your Board that he has no means of raising Money and unless his dependents relations and Maravars are fed, much distress in the family will be felt, and the Police of the District will probably suffer. Trusting therefore that your Board will accede the propriety of preserving a family of high consideration from distress & want, by a short postponement of the realization of the Government balance I have the honor to recommend that an allowance of fifteen hundred rupees a month may be granted for the Zemindars subsistence, and I consider this of so much importance that should your Board render the strict rules established for the realization of the permanent revenues, not consider it proper to authorise the allowance named I beg the favor of you to recommend the case for the sanction of Government.

To the President and Members of the Board of Revenue
Gentlemen
Para 1st. In the statement transmitted with my letter of the 10th May 1831 I stated that Chinna Obalammal Widow of the deceased Polygar of Palaney who was on the receipt of an allowance of Rupees 105 per Month under sanction of Government dated 23rd December 1807 died on the 5th Apr 1831 and that there were two Claimants to this Pension and which would be submitted hereafter - I have made the necessary Enquiries and found one of them to claim as being adopted by the deceased, and the other, on the grounds of being the lawful Heir, to the Petition of the former presented to me in the name of Aunde Vayloytha Naik, I made Endorsement as follows "It does not appear that the Petitioner has any claim to the Pension of Chinna Wobal Ammah independently of his adop-
-tion by her, and as this adoption is not authorized, the Principal "Collector cannot recommend the continuance Wobal Ammah's "Pension in the petitioner's favor" - and to the petition of the other named Coomaura Vizia Vyabvory Chinnaba Naik as follows "It appears that the ancestor of the petition was not considered

by Government Intitled to the Pollam of Pyhey in consequence of illegitimacy the Principal Collector therefore does not consider him Entitled to the Pension of Chinna Wobal Ammah"

2d. Aundee Vayloytha naik Claims the Amount of Pension Rupees 1185 - 10 - 4 due to the deceased from December 1826 to June 1828 which the Pensioner refused to receive because the late Mr. Peter paid a portion of the allowance to Comaura Vizra Vyaboory Chinna ba Naik, against which she petitioned to your Board and after your order dated 7th July 1828 were received to grant the full allowance of 30 Pagodas to her as head of the family, she petitioned your Board No. 241 of 1829 for the arrears which was held in deposit. The arrears were not paid to her as the amount formed Jadate balance imbezzled No. 74 of the Jadate Statement submitted with my letter dated 27th of August 18..

3d. The deceased pensioner considered Aundi Vayloytha Naik her heir and left a will in his favor. Copy of Arzee dated 3. April 1831 herewith accompanies, I request therefore your sanction to pay him the balance Viz.t Rupees 1185 - 10 - 4

To

The Acting Resident of Tanjore

Sir

I have the honor to acknowledge the receipt of your letter bearing date 21st. Ultimo and to state that as it thereby appears to be the wish of the Government that the provision of Regulation II of 1829 should not be observed in reference to Tondamaun's Country the practice which has heretofore obtained will generally be observed.

In the special case on the Subject of which the Assistant Magistrate addressed you I am of opinion the parties ought not to be forwarded to Tondamaun's Cutcherry for examination because they are the Village officers of Unayur who acted in pursuance of their official duties in preventing Tondimaun's Ryots from carrying off grain the produce of land entered in the Village Accounts as being within the Madura or rather in Unayur limits.

The land is in fact claimed both by the Villages of Goodaloor in Tondimaun's Country and of Unayur in the Madura Territory. Tondimaun's Cutcherry therefore could not

I think

I think will properly pass a decision on it; Besides, the grain has not been carried off by the Unjur Ryots it remains unappro-priated pending a decision on the Subject. The Enclosed deposition will more clearly make you acquainted with the nature of the Case. I am of opinion that it will be better to settle the dispute by Punchayet and if you Concur with me in opinion I will send Arbitrators to meet Coimmun on the disputed land—

The Services of the Head Gomastah do not entitle him to the appointment of Sheristadar, neither probably can his Supervision over the district Tahsildars be very efficient as he has never officiated as Tahsildar or Superintended a division, I therefore

I think however that it will be best as the Sub Collector suggests to employ him temporarily in the full pay of the Office until after the Jummabundy when the Sub Collector will be able to nominate the most approved District Tasildar to the situation of Sheristadar

With reference to your letter of the 30th Sept. last I have the honor to state that in consequence of the total failure of the Monsoon Rains the crops has been very deficient and Paddy, Coolte and Chinna are not procurable in any quantities — the price of Paddy in small quantities is from 80 to 100 Rupees and it is expected to rise to about 35 Pagodas if there is no rain within within the period of the Karr Crops — The Scarcity is already so much felt in Maroongapoory and the fort of Madura that supplies of Paddy are brought from the Trichinopoly District by which the Market is at present supplied —

Coolty is selling from 70 to 95 Rupees and Chinna from 160 to 217 Rupees, the prices will increase daily, and those Grains are not procurable in large quantities from the Crops having a like been scarce and unproductive —

Gentlemen

I have the honor to state to you that the Widow and Dependents of the late Zemindar of Ramgerri are solicitous that the pensions sanctioned in your Secretary's Letter dated 25th October 1830 may be granted them in arrears —

[Margin: The Widow from the date of the death of her husband (5 May 1826) the dependents from the 1st of August 1828 date of the last payment —]

2 By the accompanying statement your Board will perceive that there are funds sufficient in deposits to meet these claims, and as the individuals of the family are solely Dependent on their pension and were reduced to the necessity of procuring assistance from other sources during the time this allowance ceased I beg to recommend that their request may be complied with, and that authority be granted for paying them Rupees 4027-10-2 the amount of their Claims.

Gentlemen

I have the honor to state that I communicated to the late Zemindar of Ramnad, the Subject of your Secretary's Letter of the 12th October 1829, and pointed out to him the propriety of maintaining the family who were Dependants on Mootoo Ramalingum Setupaty whilst in Confinement at Madras in consequence of their having been taken under the protection of his Predecessors, and particularly that the Resolution of Government under date the 23. April 1803 referred only to the specific allowance which had previously been made for the support of the Zemindar and his family at Ramnad and not for those who subsequently accompanied him to Madras—

On Account of repeated Complaints being made to me by the Women that they had not received any support from the Zemindar, I wrote to the Guardian and Manager again on the Subject on the 13th April last, whose reply under date the 28th of the same Month is herewith transmitted whereby the Manager declines to maintain them. I therefore submit whether it would not be proper to grant them maintenance for life out of the Amount of lapsed pensions of the other members of the family—

To
The Principal Collector
of
Madura

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 26th August, reporting that the Zemindar of Ramnad has suspended the payment of certain allowances to individuals of the family of the late Mootooramalingum Satupate who died in Confinement at Madras which have hitherto been made from the revenue of the Zemindary under the Authority of Government, and claims the Amount disbursed on that account during the time the Zemindary was under the Collector's Charge —

The Zemindar refers to the Resolution of Govrnt. under date 23d April 1803, as showing that the expense of maintaining the family of the ejected Zemindar Mootooramalingum is not chargeable against the Zemindary but should be defrayed by the Honorable Company. This Resolution however refers only to the specific allowance which had previously been made for the support of the Zemindar, and his family at Ramnad — On the death of Mootooramalingum the Government positively declined to grant any allowance for the support of the family left by him at Madras; and the existing Ranee voluntarily undertook the charge of maintaining them — An allowance was accordingly made for their support by her and her

her Successor and was continued as a matter of course when the Zemindary came under the Management of the Collector, as a Customary charge. It was increased under the Authority of Government in the discretion which it was proper and necessary to exercise in the Circumstances in which the Zemindary was placed.

3. On the case being fully explained to the Zemindar and particularly on its being pointed out to him that the allowances in question are not connected with that charge which the Government undertook defray, and that they originated in the free will of the Ranee his predecessor who held the Zemindary at the time of Mootoo Ramalingum's death and were continued by her successor, the Board trust that he will be convinced of the impropriety of suspending them and of the discredit which will attach to him if he leaves to distress and want persons who have been recognized as dependents of his family.

You will communicate the Boards sentiments to the Zemindar and express their hope that he will act in this matter in such a manner as to shew that his character is suitable to his high Rank and dignity. you will of course apprize him that his claim to be reimbursed the allowances which have been paid from the Ramnad revenues for the support of the individuals in question is quite inadmissible.

Revenue Board Office
Fort St. George

Despatched 14th Do.

Translation of Arzee to H. Viveash Esquire Provincial Collector of Madura &ca from the Guardian and Manager of the Ramnad Zemindary.

The Zaoojetnamah of the 13th Instant, States

66 (13)

States that Litchmi Auttaul &c. Widows of the late Mootoo Rama-lingum Sacoopathee mention in their Arzee of the 29th March, that they have not received allowance for their 22 Months and that they are suffering distress and directing me to afford them protection so as to relieve them from distress according to the orders of the Board communicated to the late Ramasamy Saidoobathee on the 21st October 1829 and to report what I have done in consequence thereof and the reason why it had not been attended to before now.—

In the Enoyetunnah of the 21st October 1829 it is stated that in consequence of the maintenance of the family of the late Mootoo Ramalingum Saidoobathee being dependant upon the Honorable Company according to the Resolution of Government of the 23d April 1803 the charge for the support of the above person had been defrayed from the Revenues of the Ramnad Zemindary or whilst held under attachment that application was made to the Board for and repayment of the Amount in order to indemnify the Zemindary and that the Board had stated in their reply of the 12th October 1829 that the Resolutions of the 23d April 1803 applied solely to the maintenance of the family of Saidoobathee at Ramnad and the Saidoobathee himself, and not for the family who accompanied him to Madras, and that when the Government had refused to give any allowance to the family of Saidoobathee who were at Madras at his death that the then Rannee Mungalaisoo-wery Nautchear had taken upon herself to maintain them, and that her Successor had also done the same, that the Amount disbursed for their maintenance during the attachment of the Zemindary was such as was granted to them previous to the attachment, & that Government had no right to be responsible for the same, and further that the support of the rests with us in the same manner as it had been continued by our Predecessors, and that it does

not

not appear proper that I should calculate upon the Amount expended for their maintenance during the attachment, being again refunded to me—

Should the opinion of Government, the Board of Revenue and the Town Major regarding provision being made for the family left at Madras on the death of the Saidoo bathee, their having paid the Arrears of their allowance from the date of his death, their having defrayed the charges of Carriage hire to convey them to Ramnad, and permitting an Escort of Sepoys to conduct them, likewise the proceedings of Government dated 2d March 1809 regarding the best mode to be regulated by the Collector for their maintenance by granting an allowance to each individual be taken into Consideration, it will appear clearly that the Government had it in contemplation to undertake the charges of their maintenance—

In Para 14 of letter in the year 1803 from the Board of Revenue to Government, it will appear that the Government were considered responsible for the maintenance of Saidoobathee and his family, and that the Zemindar was exempted from the same, and in the Resolution of Government dated 22d April 1803 it is stated that in consequence of the Ramnad Zemindary being assessed with a Heavy Peshcush in the Sum of 94733 Star Pagodas, that the Government had resolved to defray the charges of maintaining Saidoobathee and his family—

In the 7th Para of the said letter it will appear that the Zemindary was kept under European administration for 7 Years, that the average Collections of the first two Years was S.P. 133299 that the average of the two subsequent years was S.P. 79504 that the average of the two following

years

years was Star Pagodas 16374 - 4 - 4 that the Collections of the two unfavorable years were excluded, and the Average of the other 6 Years taken, which gave the Sum of S. P. 94733 as the Permanent Pershcush without making any allowance for the charges of the Revenue Sibbendy.

Exclusive of this, the Mohturpha which was included in the above Amount was subsequently directed not to be collected, & in consequence of the Tanks and channels not having been repaired during the 12 Years of attachment, Many Villages have become depopulated, and many Villages have fallen in Revenue and as it will cost a large sum of Money before they are brought to their former state of production, it is difficult to find means at present to liquidate the Kists of Government.

From the period of the Resolution of the Zemindary on the 1st May in Fusly 1238, to the present time (April Fusly 1240) the Revenues have not been sufficient to pay the Kists, and it is well known to you that we have been obliged to pay 54900 Rupees and odd from the Money which was held in deposit from the surplus Annual Revenue which accumulated after having paid us a trifling allowance for our maintenance during the period the Zemindary was held under attachment.

The Sum expended for the maintenance of the family during the period of attachment has not only been refused to be paid, but we are directed to maintain a growing up family which is a Circumstance insupportable to us; I therefore pray that you will bestow upon us your favorable consideration and recommend to the Board of Revenue the responsibility of maintaining the said family by granting orders for paying for their maintenance from the allowance which has ceased on the death of the late Mootooramalingum Saidoobathee, or

from

from the allowance which have ceased by the death of some of the members of the said Sadoobathy's family who were at Ramnad —

(Signed) Mootooverroy Nauttchyar Guardian
Mootoochellathayvur Manager

Ramnad 28th April 1831 —

From the Manager of Ramnad 3rd December 1831

The Curgeethanah of the 27th September last states that the orders of Government directing me to afford maintenance to Lutchmee Auttaul &ca. Women who were under the protection of Mootoo Ramalingum Sadoopathee who died at Madras, in the same manner as was continued to them by Mungalaiswaree Nauttchyar late Raunee of Ramnad had been communicated to me, and that the representation in my Urzee under date the 28th April of their being dependants on the bounty of Government is inconsistent with the orders of the Board of Revenue in consequence of their having been maintained by my predecessors and that it becomes my duty to afford them support in obedience to the orders already sent to me —

By the 14th Para of the Boards Letter to Governmt. in 1803, and the Resolution of Government under date the [illegible] Apl. 1803 and the proceedings of Government dated 2nd March 1819 it will appear to you, that the bulk of the assessment of this zemindary was a consideration, which prompted the Government to take upon themselves the responsibility of maintaining the family of Mootooramalingum Sadoopathe and to exempt Raunee Mungalaiswaree Nauttchyaur from such a charge —

In faslis 1239 and 40 the seasons were unfavorable to Cultivation and the produce so scanty that the Revenues had fallen off so much as not to be sufficient to liquidate the Circar

Kists

68

and the Zemindars charges and Sebbundy, Consequently payments were made from the deposit, which circumstances are known to you. The rains having failed in the present year, the Cultivation in Nungeh and Punjeh has fallen off very much, and we are left in contemplating how we would be able to liquidate the kists with regularity to your satisfaction, Situated thus, what can we do if your orders impose upon us the responsibility of maintaining Sethence Authaul and a persons who are increasing in Number

Should the Government, extensive as the water of the Sea, have it in contemplation to exempt themselves from the responsibility of maintaining the family, how can we take upon ourselves that charge whilst we are burthened with the responsibility of paying the kists and the charges attending it—

Therefore pray that you will be pleased to be our advocate and recommend that we be exonerated from the responsibility as solicited in my Arzee of the 27th April 1831 (No. 14) and that the charges may be defrayed by the Government themselves to whom it justly belongs

Sanctioned by the Board to Imdad Ally have been ordered to be received from the Military Department - Consequently we went and applied at the Pay Office at Madura for our allowances but we are told that no orders had been received to that effect, and as our allowances have been discontinued to be paid at the Hoozoor Cutcherry we are suffering great distress with our numerous dependants - We beg that you will be pleased to write to the Board and obtain orders to pay us our allowances from the treasury or from the Military Department without any objection - Moreover as Abbas Ally have got orders to be paid the arrears of his Pension from the date of the death of his father the late Deputy Hellydar, I beg that the Arrears due to me from the date of the death of my Father Kumer[illegible]khan may be granted to me -

To

The President & Members

of the

Gentlemen

Board of Revenue

No. 1 1st In obedience to your orders under date 26th of January 1829 I have the honor to submit a statement exhibiting the Moturpha which may be imposed in the Districts of Madura and Dindegul.

2d As I stated to your Board under date 10th January 1829 the people liable to the tax have opposed its introduction and they have not rendered me their assistance in the preparation of the Accounts. I have therefore framed them with reference to the Collections of Fusly 1214 and the Returns of the Village Kurnums, the rates will therefore undergo some alteration when the Inhabitants assemble to fix ultimately the portion of the tax payable by each individual.

3 The first Column in the Statement shews the number of the different rates of Assessment — the second Column shews the Amount of each rate in Cheekrums & fanams — the third shews the Number of traders in Cloth of the different rates and the total Amount payable from the Cloth Bazars thus. It is shewn that in the 14th rate of 14 Cheekrums there are 11 Individuals by whom the Total sum payable is 154 Cheekrums. In the 18th rate

of

of 12 Chuckrums there are 6 Individuals by whom the total Sum payable is 72 Chuckrums. The total Number of Dealers in Cloth is 137 liable to a tax of 674 Chuckrums 5 fanams. In the same manner each Individual liable has been entered according to his profits and with reference to the Amount paid in Fusly 1214 at a higher or lower rate.

4th. Your Board will observe that the total Amount which according to the Accompanying statement may be levied from Madura and Dindigul Amount to Rupees 61455-3-8 which is above the Collections of Fusly 1214 in the Sum of Rupees 14513-10-4 arising chiefly from increase in the manufacture and trade of Madura.

5. Should your Board be of opinion that the above sum is proper to be fixed for collection in the Districts of Madura and Dindigul, it will be apportioned under Arrangement similar to those prescribed by Regulation IV of 1818 for the Versabuddy of the Ceded Districts.

6th. The Moturpha of the Ramnad and Shivagungah Districts have not been noticed in the statement submitted, because we have not succeeded in obtaining the requisite Accounts. It appears from Mr. Gleig's letter of the 2d June 1828 transmitted to your Board with Mr. Peters letter of the 18th of the same Month that Rupees 10741-14-3 is the Amount of Moturpha included in the permanent beriz of Ramnad, and this appears to be correct. In the Statement prepared by Mr. Lushington for the Special Commission and forwarded with his letter dated 30th September 1802 the Pullapatady or Mooturpha of Shivagungah is stated to be Shooly Chuckrums 5?? at 24 Shooly fanams per Poart Novo Pagoda at 120 P. N. Pagodas per % Star Pagodas or Madras Rupees 5792-3 which would give a total for the two Zemindaries of Rupees 16533-14-6 which added to the Madura and Dindigul Moturpha will amount to Rupees 77989-2-2 which

I am of opinion is the sum proper to be imposed first of all the Moturpha demanded for the whole district —

7 Your Board are aware that Claims have been urged by the proprietors of the Zemindaries of Ramnad and Shevagungah for a remission in the Amount of the permanent Jumma of those estates to the extent of the Moturpha which formed an item in the assets on which that Jumma was fixed, and which they were prohibited from collecting by a proclamation of Mr. Parish under date 27th. October 1805 —

Vide translation No. 2

8 The Permanent Jumma of Ramnad was fixed by Mr. Lushington with reference to accounts submitted with his letter to the Special Commission dated 30th. September 1803; & the permanent Jumma of Shevagungah with reference to a Statement of the resources of the Zemindary for fusly 1211. and the consideration that on the formation of Shevagungah into a separate estate it formed two fifths of the original Ramnad Estate of which it formed a part — It appears to me therefore that the sum entered as the Palapatady or Mooturpha, of Shevagungah for fusly 1211 should be the sum of the Mooturpha claim for remission, this sum being a mean between the result of the Accounts in our possession and the Account of 2/5. of the Ramnad Mooturpha —

9 If the above estimate of the Mooturpha of Ramnad and Shevagungah be correct the remission to the Zemindars should I imagine be allowed at 2/3. of the Amount as follows —

Mooturpha settlement of Ramnad for fusly 1211	Rupees	10741 . 14 . 3
Deduct 1/3. as the Amount of the Istamrar Jumma was fixed at 2/3. of the Revenue		3580 . 10 . 1

Shivagungah Mooturpha for fusly 1211 Rupees 5792 " 3

Deduct ⅓; as the Amount of the Istimrar Jumma was fixed at ⅔ of the Revenue } 1930 10 9

Remaining to be remitted 3861 - 5 - 6

10 The Zemindars claim arrears from the date of the proclamation of Mr. Parish Vizt. 21st. October 1805 prohibiting the collection of the personal and professional taxes; In Mr. Parish's letter dated 26th. May 1806, he opposes the remission on account of Mooturpha on the grounds that the Rani of Ramnad gained by the favorable rate of exchange more than she lost by being prohibited from collecting Moturpha, and that in consequence she has no objection to relinquish her claim, however leaves the Ultimate decision to the Board—

To the Board 26 May 1806

11 On examination of the records I find a document in the Persian language (Copy and translation enclosed) signed by Rany Mungaleswaree to the above effect, it remains therefore to be considered how far this should be allowed to bar the claims of the Ramnad Zemindar to remission—

No. 3

1st. The Ramnad Manager insist that Rani Mungalaiswoorary signed the Arzee above referred to in Compliance with the order of the Collector after the failure of repeated solicitation to obtain remission for the Mooturpha, not from inclination but out of respect to his Command, and as a proof she did not voluntarily give up the claim she renewed it by Arzee in 1811—

2. That the gain by the exchange was not an equivalent for the Moturpha, because the ready money collections were made in Shooly fanams which were actually paid into the collector's treasury—

True Copy of translation No. 4

3. At the time the Moturpha was fixed as an

asset

75 - 125

effect of the permanent berez and collected, the same nirick or rate of exchange prevailed as when it was abolished by Mr Parish

4th The Rany could not influence the rate of exchange of the coins, as this is the business of Government.

5th The payment of the Moturpha with the permanent berez was continued, under the impression that in time, Government would see the justice of making a corresponding Remission

6th The Government ought not to have made an alteration as to the Moturpha after permanent berez was fixed because they keep the Zemindars otherwise strictly to the to the terms of it. The Government should consider that by the permanent settlement the fixed demand for chank and chay root is Rupees 3400. one half of which is not now realized, besides which the revenue from the Nunjy and Poonjey Cultivation is on the decline.

7th Rupees 127064 8-2 have been collected & Carried to the credit of the Government on account of interest on balances resulting from the unfavorable nature of the Ramnad permanent settlement fixed on the average of three prosperous years.

12th It may be argued against the objections of the Zemindar 1st That altho' Rany Mungalaiswarry would no doubt rather have obtained the claimed remission than forego it, yet she was aware that the Government could at once have altered the existing rates of exchange as was subsequently done under the order of the Board of Revenue dated 11th December 1828 whereby her profit by the exchange would have been altogether annihilated to avoid this, she would no doubt consent to a smaller loss by the abandonment of the claim to Moturpha remission, she yielded to the Collector's request under the

Enclosed Board's Proceedings Para 4 dated 21 Apl 1828 —

the idea of drawing advantage which in the nature of all engagements must be considered voluntary. The renewed claim in 1811 appears to be a form of solicited, it does not cancel the Rany's former abandonment of the claim —

2°. I find that Shooly fanams were collected in the Ramnad District however the Government did not gain by the exchange thro' the Collector did by receiving his salary in Shooly fanams

3°. the other objections are good grounds no doubt why the remission should be allowed provided the abandonment of the claim by the Rainy Mungalaswary could be got over —

13 Your Board must decide whether and to what extent the abandonment of the Rany's Claim ought in justice to be allowed, for my own part I think it ought not be pressed against the Zemindar because no charge ought properly to be made in the permanent Settlement or decree to the disadvantage of the Zemindars and the advantage of Government, granting this, the Moturpha Collection by the Zemindar ought not at first to have been disturbed by the Collector or else a remission should have been allowed, this would certainly in part, have prevented the accumulation of the balance which led to the payment of the heavy Amount of interest alluded to in the objection of the Zemindar Vizt. Rupees 12704 from July 1224 to July 1231 —

14th With regard to Shivagungah there does not appear in my Records any compromise of any kind affecting the claim the Zemindar to the Moturpha remission — Should the Board consider a remission of the Moturpha proper in either case, it should be allowed to the extent I have before noted —

15th The remission will be a very acceptable boon to either Zemindar at present as the failure of the season and prevalence of disease have rendered it impossible to realize to the full extent

the

the Amount of the permanent levy from the produce of the present year -

16th Since the above was written I have received the new Regulation IV of 1832 whereby the imposition of the Moturpha is sanctioned, it does not appear necessary to delay bringing the ~~old~~ Moturpha Statements before your Board - as I think the Amount noted proper to be imposed should your Board sanction it. I shall not delay the reintroduction of the Moturpha on the principles of Regulation IV of 1818. Should any modification in the rates be considered necessary during the apportionment of the sum total amongst the individuals liable to the tax, it will be submitted for orders -

In Hezaree 1170 the said Malungshaw Fakeer took Mentoonishaw (an unmarried Man) the father of the Plaintiff as his Disciple, named Him after his own name, initiated him as a Fakeer, and delivered the above said yomeah Purvomah, sunneds, and Muckan to his charge & they both enjoyed the yomeah allowance four or five years afterwards the said Malungoo fakeer shaw died when the father of the Plaintiff buried him in the said Muckan and he continued to burn lamps in the said Muckan and to enjoy the surplus of the yomeah after defraying the charges. Some time afterwards the abovementioned Plaintiffs father got married and after the birth of the 1st Defendants Husband Malungooshaw and the Plaintiff he initiated the Plaintiff in the Duties of the Muckaun and after nominating him a Priest, the Plaintiff father died. After the assumption of the Country by the Honorable Company the sayer Customs of the Shevagungah Country was likewise assumed, in the time of Mr Parish Collector, and the Customs were for two or three years discontinued, owing to which, the yomeah allowance was stopped by the Circar for a period of 12 years, within which time, the Eldest Brother of the Plaintiff (husband to the 1st Defendant) Died without male issue, and his wife the 1st Defendant quitted the family state and attached herself to the 2d Defendants as his wife. afterwards in the year 1814 the Plaintiff proceeded to Madras and presented a Petition to the Board of Revenue for the yomeah allowance, and according to their order, Mr Peter Collector of Madura Zillah received attachees from the 9 Meckanits of Teroopoovanum, the 18 Puttaray people and the Zemindar of Shevagungah, respecting the Plaintiff being heir to the above said

said yomiah allowance and on a report being made to the Board of Revenue, orders was received under date the 11 July 1815 to Continue the said yomiah to the Plaintiff which was accordingly paid from the Hoozoor Treasury, whilst the 1st Defendant lived with the 2d Defendant Contrary to law, she preferred an unjust Complaint to Cusbally Police Ameen of Shevagungah for a share of the yomiah, who having misrepresented to the Collector in her favor, the Collector without any enquiry issued orders in July 1824 to give half share of the yomiah at 1/4 fanam per day in each Month to the defendant, and directed the Plaintiff to prefer his Complaint in the Adawlut Court, and from the Month of August 1824 – the 1st Defendant received from the Hoozoor Treasury 1/4 fanam per day from the said yomiah and participates the same with the other Defendants, and as the Plaintiff alone performs the Duties of the Mosque & keeps lamps in the same, and as the yomiah is insufficient, and as the 1st Defendant Enjoys a share without any right thereto, the Plaintiff therefore Claims Viz. From August 1824 to August 1829 being 61 Months at 7 1/2 Cully fanams per Month is 6 Chs. 45 – 7 1/2 Batta Charges Chs. 1 8 3/4 total 6 Chs. 47 and 7 1/4 or Rupees 99 and Annas 12 likewise the yomiah allowance of Cully fanams 15 or Rupees 3 Annas 2 Pice 10 and Cents 81 to be paid Monthly to the Plaintiff from the Collector's Treasury – Petition filed in the Adawlut Court of the Zillah on the 16th September 1829 and referred to this Court for trial on the 21st of the same Month, after Notice was issued to the Defendants – The answer of the 1st and 2d Defendants state, that the original Malungoo Pakeer shaw enjoyed the disputed yomiah allowance and the Produce &ca. of the Garden of the Mosque, and after his death, they were enjoyed by Mamooshaw a disciple of the said Malungooshaw Pakeer / the father of the 1st Defendants husband & the Plaintiff

Plaintiff together with a Mosque which he founded on the south of the Mosque at Sripoovanum and that he enjoyed the above until his death, & that after the assumption of the sawyer Revenues of the said Zemindary by the Honorable Company, that the 1st Defendants husband, and the Plaintiff had enjoyed the said lands; that when the yomeah allowance was stopt by the Circar, that the 1st Defendants husband sent the Plaintiff and the 2d Defendant to Madras for the purpose of obtaining orders for the restoration of the said yomeah, and the 1st Defendants husband remained in the enjoyment of the produce of the 2 Mosques and defrayed the charges thereof; that in the year after the return of the Plaintiff and the 2d Defendant with orders from Madras for the restoration of the yomeah, that the 1st Defendants husband died, and in consequence of the 1st Defendants Mother having brought up the 2d Defendant as a child, that the 1st Defendants husband had bequeathed to him for his Support, and that of his wife (the 1st defendant his share of the Mosques, the yomeah allowance, 1 Chey of land in Sripoovanum and half share in Valeapully that the Plaintiff usurped possession of the whole of the Mosques &ca and told the 1st Defendant to go about his business within 10 days after the death of her husband, that she accordingly went and resided at his Mothers House, and in 1824 in consequence of the 1st Defendant having preferred a complaint to the Collector of Madura that the Police Ameen of Shevagungah was directed to make enquiry into the Circumstance when he enquired of the 9 Mechanicks of the Village and forwarded their depositions to the Hoozoor upon which he was directed to make the distribution of half share to the 1st Defendant, that the Plaintiff objected to do so and requested that it should be referred to a Punjayet and passed an attacher to that effect, that the case was referred to Shumshabeer Rowutten &ca persons who

directed

directed that the Plaintiff should give maintenance to the 1st Defen=dant and her Children, which as the Plaintiff objected to, and re=fused to sign the Decree, he sent the parties to the Moozoo, where he was fined 5 Rupees whereupon he came to terms and promised maintenance to the 1st Defendant, and in consequence of his sub=sequently refusing to do so, that the Collector sent orders to the treasury in July 1824 to pay half of the Yomeah ?p Cully fanams to the 1st Defendant and half to the Plaintiff, and that the 1st Defen=dant accordingly enjoys the same - that on account of the Plaintiff not having given the 1st Deffendant half share of the Mosques House &ca as directed by the Collector, that it was her intention to prefer a Complaint for the same which the Plaintiff being informed of, thought proper to institute a Suit previously. that the father had given the elder Brother 1st Defendants husband the Name of the Priest Vizt. Mailungooshaw Pakeer and that he perfor=med the duties but that the Plaintiff falsly states that he the 2d. Son was initiated to the duties of his father and nominated as a Pakeer which is proved from the enquiry of the Police Ameen of Shevagungah which Establishes that the 1st Defendant has has a right to participate half share of the Mosque &ca", that the Plaintiff had failed to prove before the Ameen that the 1st Defendant had lived with the 2d. Defendant as his wife after the death of her husband or that he had proceeded to Madras after that period and obtained orders for the Restoration of the Yomeah allowance in his favor; that the Yomeah allowance was enjoyed during the life time of the 1st Defendants husband and whilst they have perquisites for the charges of the Mosque and other charges and 1 Man of land in Tirpoovanum and half share in Taleapetty the Plaintiff has concealed the whole of them in the plaint & has alludes to the Yomeah allowance as the only perquisite

The Answer of the 5th Defendant states, that he did not receive any share in the yomeah alluded to in the complaint nor had appropriated any part thereof, that in consequence of his having deposed as a Witness on the part of the Defendant when Causerm ally Police Ameen of Shevagungah had made enquiry into the claims of the Defendant against the Plaintiff by orders of the Collector of Madura, that the Plaintiff has from spite included him in the plaint & in order to prevent him from being a Witness in the present plaint named him as a Defendant and that he has no right to pay any thing to the Plaintiff

After taking depositions on oath from the Witnesses of both parties the Moofti Sudr Ameen proceeded to take into consideration the whole of the pleadings in this case come to the following resolution -

First - That the Original Malungooshaw Peeree alluded to in the plaint was allowed ½ Cully fanams ℘ day from the Custom Revenues of Tripoovanum under a Purvanah from the Nabob, that the said Malungooshaw Peeree had founded the Mosque stated in the plaint, and had enjoyed the yomeah; that he had after some-time nominated the Plaintiff's father Meertoon shaw as his disciple,

disciple, and that he died some time afterwards, that the Plaintiffs father had enjoyed the said yomeah and performed the duties of the Mosque & and lighted lamps to the same, and that he died after having nominated the Plaintiff as his disciple and gave to him the Chowanah – that when the yomeah was discontinued, the Plaintiffs Brother the 1st Defendants Husband died, and that the Plaintiff had been to Madras two or three times and presented Petitions to the Board of Revenue and had obtained orders in the year 1815 to the Collector of Madura for the Restoration of the yomeah, that he had enjoyed it ever since and had defrayed the charges of lighting the Mosque &ca, that the 1st Defendant had Contrary to the Customs of the Cast removed herself from the protection of the Plaintiff and attached herself to the 2d defendant as his wife and prosecuted the Plaintiff for a share of the yomeah which was granted for the charges of the Mosque &ca, and had consequently received half of the share of the yomeah being 7½ Cully fanams from August 1824 and the Remainder 7½ Cully fanams had been received by the Plaintiff with which he defrayed the charges of lighting the Mosque &ca, and that exclusive of this, there is not any Nunjeh or Poonjey land allowed for the Mosque – these Circumstances are clearly proved from the Evidence of the 1st 2d and 3d Witnesses of the Plaintiff, and from the documents filed by both parties –

2d — The 1st and 2d Defendants state that the 1st defendants husband Malungooshaw was nominated a disciple by the Plaintiffs father, that the yomeah in dispute, the separate Mosque founded by the Plaintiffs father and its perquisits likewise half share in Valeaputty and the produce of 1 Chey of land in Teropoovanum were enjoyed by the 1st defendants Husband – after the death of the Plaintiffs father, that after the death of Plaintiffs father, the Plaintiff withholds giving her a share –

of

of all other perquisites with the exception of the yomrah and various other frivolous matters, these circumstances were not proved by Witnesses or documents—

3rd. In the Petition presented by the Plaintiff to the Board of Revenue, and in the Examinations made on that account, likewise from the Petition presented by the 1st defendant claiming for a share, and in all other pleadings, it appears that the Subject related to oil and lighting the lamps of the Mosque, and not to the yomrah as being granted for the maintenance of any person, Whilst so, the claims of the 1st Defendant for half share of the Yomrah, and the receiving of the same is contrary to the law of Mahomed Nabee, and the Customs of the Cast—

4th. For the maintenance of the 1st Defendant should she have continued under the protection of the Plff in a manner becoming the Customs of the Cast, and under the orders of the Plaintiff, in doing the duties of the Mosque, she should be protected with food and raiment by the Plaintiff but as she did not act accordingly, but placed herself, whilst a Widow and childless under the protection of the 2nd deffendant in a House built and situated on the East of the fort of Madura it does not become the Plaintiff to afford her any subsistence, therefore for the above reasons it is awarded that the 1st and 2nd Defendants pay the Plaintiff the damages claimed by him Vizt.—

The half share of yomrah received by them Rupees 99–12–" and the Costs of Suit here undermentioned— The other Defendants have nothing to pay— The Circar to pay to the Plaintiff the yomrah of 15 Cully fanams ℔ Month or Rupees 3–2–10–8 the Plaintiff should defray from the said Yomrah

As I have realized all the assets forth coming

coming on account of the estate of the late Mr Peter, I beg to Sub-mit an abstract Statement of the result exhibiting a net balance in favor of the estate to the Amount of Rupees 36852 - 2 - 4. I also Submit Copies of the claims which have been brought in for Registering to enable your Board to determine what attention is due to them. It appears however that they are all of the Nature of simple contract debts and that consequently they need not be paid under the rule of the English law or Administration is allowed to pay himself first by retaining in his hands so much as his debt Amounts to.

I also beg to Submit an Account of Sums realized on Account of Ruckajerow the net Amount of which is Rupees 15813 - 11 - 7. I have certain villages under management which were held by Ruckajerow on Mortgage yielding an Annual Revenue of Rupees 2000. These villages may as well continue under charge of this Department until the Amount for which they were mortgaged has been realized.

Trichinopoly

I have the honor to Acknowledge the receipt of your letter of the 21st March last returning my Bill for charges incurred for erecting Pandals and repairing Public Bungalows in Fusly 1239 in consequence of the objections noted in the letter of the Inspector General of Civil Estimates under Date the 9th May 1831 – Copy of which was transmitted by you –

As the charges alluded to in the above Statement have been incurred with reference to those of a similar nature heretofore Sanctioned previous to the receipt of the letter of the Inspector General of Civil Estimates, and as the Cook Room and necessary Room, on which the Chief part of the expense was incurred was absolutely necessary, I trust that the Bill herewith returned for Rupees 479-13-2 may receive sanction –

The Same reasons are applicable to the Statement of Charges transmitted with my letter of the 5th March last – for repairs executed in Fusly 1240 for Rupees 223-12-5 —

The widow Mullamaul has received the whole pension as head of the family since the death of Chinna Meenummaul the Mother of the deceased Poligar in 1821 Kistnamaul the other surviving Member of the family has withdrawn from the protection of the widow Mullamaul in consequence of which she has not participated in it. I am of opinion however that she is fairly entitled to separate provision from the Pension and I would recommend that in future Mullamaul enjoy $\frac{2}{3}$ of the original pension for her and Kistnummaul $\frac{1}{3}$ for life. I recommend this arrangement because Mullamaul from being long considered the head of the family has to maintain dependent of it.

The President & Members of the Board of Revenue

Gentlemen

I have the honor to submit statements of the proposals for the rent of the Sayer and Abkary for the ensuing Fasly —

The delay which has occurred in submitting this statement was occasioned by the failure of the Renters to make the required deposit —

The offers for the Sayer rents amounts to Rupees

1241-364354
1242-340489
20815

Rupees 343489 which is below the Amount of the Rent of Fusly 1241 to the extent of Rupees 20865 the decreased Offers have arisen from the losses sustained by the renters from the badness of the season which has produced poverty and reduced trade. Persons who usually engage in the rent have also been deterred from coming forward by the difficulty of procuring two Months deposit which is necessary from the impossibility of obtaining eligible security —

I beg to recommend that these proposals may be accepted should the required deposit have been made before the commencement of the fusly otherwise the Rents must be kept under management. The total Amount of deposit is Rupees 57252 of which Rupees 345808 have been collected —

1241 - 63204
1242 - 60106
dec 3098

Amt. of deposit to be made 10016½
Deposits 3635½

The Abkary Offers for the present year Amount to Rupees 60106 which is below the rent of fusly 1241 to the extent of Rupees 3098 the reduction arises from the difficulty of getting security and loss incurred by the Renters of fusly 1242 —

To

The President & Members
of the Board of Revenue

Gentlemen

Para 1st I have the honor to bring to your Notice the present State of the Sivagungah revenues for the year 1241 with proposition for the adjustment of the outstanding balances.

2d When I attached the Zemindary the balance was as follows—

for fusly 1240	11,983 - 14
Do. 1241	42,000 - "
Subsequent Kist to the end of the Balance fusly }	22,500 - "
Total Rupees	274,483 - 14

The

3. The Revenue of the present year are as follows

Ready Money and grain in the course of Sales Rupees	143876 - 10 3
Poorvopoo or Quit Rent and Peshcush of the Minor Poligars	14708 - 0 5
Chank fishery	990 15 .
Total	159575 9 8
Add reserved Rent of Villages mortgaged by the Zemindar	36855 " .
Total	196430 9 8
Deduct Collection of the Zemindar before the attachment 30601 - 1 - 8	
Sebundy 21609 - 12 - 7	
Total	52210 - 15 3
Remaining Revenue	144219 - 10 5
Remaining balance to be provided for	130264 - 3 - 7

4th I would strongly recommend that this Amount may be collected from the Zemindar by three Annual instalments If your Board accede to this proposition, the estate may be released from attachment with the exception of a talook yielding 40000 Rupees which should be kept under the Circar management as security for the balance—

5th I recommend this arrangement on the following grounds—

By continuing the estate under attachment the Zemindar is put to heavy expence on account of Extra Sebundy— The indulgence will be a seasonable relief to the Zemindar in his present difficulty who besides the loss of upwards of 200000 Rupees by the failure of the late monsoon is burdened with a private debt with which the estate was encumbered by his Predecessors to the amount of 360000 Rupees If your Board will be pleased to sanction the release from the attachment, the Zemindar will make arrangements whereby he will relieve the estate from all its difficulties in the

course

200

course of 6 Years and give security for the regular discharge of the Cur-
-rent Kists—

6th. It is not possible that the Sircar can suffer by this arrangement because the estate has a light Peishcush compa-
-red with its production powers and by carefull management in ordi-
-nary years it will yield easily Rupees 500000.

7 Should your Board not sanction the release of the estate from attachment and the liquidation of the arrears by instalm[ents] the Zemindar will be compelled to resort to ruinous method of raising money for his expence, and the opportunity of relieving himself and his estate from the existing difficulty will be lost. If your Board would be pleased to consider the Zemindars claims to Motarpha remission submitted with my letter of the 9th of may last, the balance outstanding against the estate might possibly be disposed of, in the mean time how-
-ever I hope your Board will accede to the proposal above noted—

The President & Members
of the Board of Revenue

Gentlemen.

I have the honor to report that the Zemindar of Coomaravaudy claims in behalf of the Meenatchy Soondaraisvoara Pagoda certain land granted to that Pagoda by his Ancestors, which land the Curnum of the said Pagoda got possession of under orders from the Sheristadar of Coomaravaudy assumed Zemindary in fusly 1222 on condition of his paying the assessed Teerwah of Mr. Hardis— By this arrangement the Dava-
-staunum looses the benefit of receiving the whole crop in grain which it would receive were the lands cultivated by the laborers of the Davustaunum— The Curnum considers that he is fully entitled to the land as he has been at considerable expence in

repairing the tank, but whether the outlay might be, 20 years occupancy has fully recompensed him and as a hired servant of the Pagoda, he ought to have attended to its interests rather than to his own, and as the grant has not been sanctioned by the Collector, I consider the whole a job to defraud the Davastaunum of its just dues. Under all circumstances I would beg to recommend that with reference to Section IX Regulation VII of 1817 the lands may be made over to the possession of the Pagoda.

Enclosure No. 3 By the Order of the Tasildar No. 3 which accompanies your Board will perceive that the Pagoda loses about 100 Rupees per Annum by the lands remaining in the possession of the Zemindar.

Translation

No. 1 From the Zemindar of Comaravaudy

My Ancestors expended much money and built a pagoda dedicated to Meenautchy Soondaraisvvaraul, at Comaravaudy they likewise dug a tank at the Village of Vadagaputty, caused Paddy fields to be made, and enjoyed the same as their own private Cultivation, they granted the tank and fields in Vadagaputty for the Pagoda by which, private cultivation was carried on for the Pagoda benefit R and the proceeds of the lands, likewise the punjah Soonaudoyum of the Village were defrayed for the Poojah Charges of the Pagoda for many years. The same is entered in the Ologoo Accounts of Mr. Harris's time in fusly 1213 and the Charges were defrayed up to fusly 1220 from the above said funds. In fusly 1221 as my Brother Coomaura Luckya Naik who was then Zemindar

died

died the Puttom was given to me, but as I was young, the Ze=
=mindary was kept under Minor Management and attached by
the Circar; Ponnyapillay who was then Curnum of the said Pago=
=da, got a Pottyam made out in his name for lands the private
property of the Pagoda with the assistance of the then Tehsildar
and appropriated the same to himself, and paid a trifling Sirvah of 40 or 50
Chuckrums for the said lands which produced about 1000 Cullums of
Paddy and the Poojeys were improperly conducted. When this Circum=
=stance was reported to Mr. Peter the late Principal Collector no en=
=quiry was made, wherefore the tank and lands were not made over to the
Pagoda. After your honor's arrival to this Zillah, the Circum=
=stance was reported to the Tahsildar Soobyen by myself, and the
Nattamucs of Vadagaputty, whereupon he reported it to the Hoozoor,
and orders were received on the 14th October 1829 directing him to cause
the lands and tank to be cultivated as the property of the Pagoda and he
issued orders on the 21st of the same Month to have it cultivated accordingly.
When the same was to be carried into effect Ponnyapillay opposed the same
and kept possession of the lands. I reported the case at the time of
the Jummabundy Settlement of Fasly 1240 A.D. 1831 when the
Accounts were examined, and as the tank and fields were found to
belong to the Pagoda it was ordered that they should be cultivated
for its benefit and the proceeds to be defrayed for the charges of the same
to which likewise he made objections and prevented this order being
carried into effect. As water was received in the tank and fields
from rain the lands were ploughed for cultivation on account of
the Pagoda, when Ponnyapillay loosened the Cattle from the plough
ill treated the people, and prevented the lands from being cultivated.
The Pagoda is damaged, and water from rain leaks through and
falls upon the Sawmy and Ummon, and Ponnyapillay appropriates
the money belonging to the Pagoda in the same manner as if he

Considers

considers it to be his own private property without the permission and Consent of the Circar Servants, and lamps and Poojah Charges are indifferently kept up — Whilst I reside at Coomaravaudy he does not report to me the receipt of the Jusdeek money but appropriates it to himself. Wherefore I beg that Ponnyapillay may be Summoned to the Hoozoor with the Accounts from Fusly 1213, up to the present time, and the same examined into, likewise the witnesses to prove that the tank and fields belong to the Pagoda which will be proved by Chours Mootoo Odayan Naultamyeaur of Kunnodyanputty Mootya Goundon Naulta-myhar of Pooghy Putty Vellya Goundon Naultamekar of Shelloor and Monya Goundon &ca persons of Coomaravaudy and that the tank & fields may be restored to the Pagoda and the charges defrayed in a proper manner —

Q Who built the Pagoda of Meenatchi Soondaraswooraul at the Curbah of Coomaravaudy?

A The former Zemindar Mootoovecrappah Luckanaicker

Q What is the estimated amount of the repairs of the said Pagoda

A It is built entirely of Stone, I do not know the amount

Q Who granted Soodagaputty Village as Maunyam for the Poojah Charges of the Pagoda?

A The Zemindar granted it for the Poojah Charges

Q What Meerasy have you in the said Pagoda?

A Curnum Meerasy

Q Do you keep the accounts of the Charges only of the Pagoda or likewise the Village accounts?

A The Receipts and charges of the Pagoda are kept by me, and no

the

the Village accounts of Receipts and expenses

Q. What Villages and lands are continued as Maunyum to the Pagoda

A. Vadagaputty Village & Manapara Coolam land Maunyum in Shevaloor Village – Poojah land in Coomaawaaindy Poojah land in Poottal nuttum and Poojah land in Thunmoodyan-pathy.

Q. The Zemindar states that the Zemindars had usually kept their own private Cultivation in Manapaura Kolum, that they defrayed the produce derived from the Punnay Cultivation and the Malewarum share for the Poojah charges of the Pagoda, that they expended 20000 Ch^s for building the Cool and 10000 Ch^s for the Punny Cultivation of Manapara Kolum and that the land was granted in gift for the Poojah Charges of the Pagoda and that whilst the Superintendence was made over to you and the present Zemindars elder Brother being dead, and the present Zemindar himself, a Minor of 5 or 6 years age, that you then took the opportunity of taking possession of the Punny Cattle and produce, and that you do not give the produce to the Pagoda but the Teerwah only of the land and you enjoy all the profits derivable therefrom and that the Deed of Gift grants the produce of the land to the Pagoda; What say you to this?

A. In July 1822 the Manapara Kolum burst, upon which Seeboroo who was the Sherestadar of the assumed Zemindary gave me a Sunnud to repair the breaches and to Cultivate the land and pay the Teerwah thereof, accordingly I cultivate the lands and pay the Teerwah for the charges of the Pagoda to the Circar –

Q. Whilst the Zemindar had granted the Koodewarum and Mailwarum share of the Village for the Pagoda, according

to

115 205

205

to what rules and Regulations did you obtain a Sunnud from the Sheris-
-tadar who was appointed to the assumed Zemindary?

A I wrote a Olah to the Sheristadar recommending that the Repair of the Tank should be made by the Circar, but as the Country was assumed and Kist paid to the Circar, the Sheristadar gave me a Sunnud to make the necessary repairs to the Tank, Cultivate the land and pay the Kists, accordingly I enjoyed it and paid the Kists-

Q Do not you know that the Sheristadar's Sunnud was of no avail?

A. As he was the Circar's servant, I took it as available

Q Exclusive of that Sunnud had you any other document under the Signature of the Collector?

A I have None-

In reply to your Dept letter dated 21st Ultimo I have the honor to state that I do not make a practice of receiving bank Notes or private bills in the payment of revenue

it is only in the realization of arrears from defaulters that I am compelled sometimes to receive bills and Notes, because were I to re-ject either or the attachment of property the Government might sustain loss—

The bank Notes sent by me to the Sub Treasurer were for the most part received from Mr Shakespear on account of a debt due by him to the estate of Pedayee Row, and it did not occur to me that any advantage would be gained by returning them to that Gentleman

Security (Junigerzamin) from the Ryots binding them to pay the Tirwah on the extent of land which they have taken but left uncultivated — you will obtain a Rajinamah from the Ryots for the extent which they decline to occupy of their former cultivation and make such land over to other Ryots who may be willing to cultivate the same and thus endeavour to make up the decrease Berez of fusly 1237 arising from failure of Rain, also further increase the Cultivation as much as practicable — In framing settlements with the Ryots you are not to cease your exertions at the commencement of the season. You will proceed also to the Villages a second time when the season for cultivating Cotton, Rape seed, Grain, Cadalay and Canjeh Cultivation is to be carried on, as well as a third time in the Season when Sungeh & Koday and Tobacco &c. Gardens are cultivated, view the Cultivation in its progress, encourage the Inhabitants to cultivate the portion of land they have agreed to cultivate and obtain Razeenamahs for the same; By these exertions there is no doubt that the Revenue will be increased — An inquiry will hereafter be made whether you have conducted yourself according to these orders or not — after you have made the Individual Puttah and obtained Razeenamahs in each Village as above denoted, you will prepare a Statement of all the Villages shewing the Amount of the settlement for fuslies 1236 & 1237 and the proposed Amount for the present year, and the Increase and Decrease, also the particulars of the cultivation and submit it to the Hoozoor accompanied with your Arzee — Exclusive of the Villages for which Number Cloogoo Accounts are already prepared, you will cause the Nautt... Kars and Curnums to prepare Accounts of those Villages which are not yet completed, and transmit a Statement shewing the number of Villages for which Number Cloogoo Accounts have been prepared, & corresponding Accounts, in Cadjan to the Hoozoor —

The same to the Tasildars of Tirroomungalum, Mellor, and Maroongaupoory —

To the Tahsildars of the Madura District.

Hookum Namah for the Cultivation of Fusly 1242—

Preparatory to the present years cultivation you will call upon your Subordinate Officers and the Nattamkars of each village, to take measures that the Ryots are allowed to take up as much of the land in cultivation as they require on the usual assessment and as much waste land on the rates of assessment laid down in the Cowle Namah. The Nattamcars and Head Ryots must not continue the System of reserving waste for grazing if they refuse waste demanded by Ryots and keep it for their exclusive profit they will be liable to the payment of the full tax themselves—

Ryots may throw up whatever land they do not require, such lands to be transferred to other Ryots who demand it you will see that the usual facilities to cultivation are enforced, advances to be given to Ryots who wish to extend their Cultivation, or who may be reduced to indigent Circumstances—

You will see that the repairs immediately required to tanks and channels are effected, or move about the district yourself and be careful that every thing requisite for the Cultivation of this fusly and the Comfort of the Ryots is effected—

You are to make report every 5 days of what you have done in obedience to the above orders and every 15 days transmit a report of the state of the Cultivation, the state of the rains, the quantity of water received in the Tanks, the extent of the Punjah Cultivation, the state of the Ryots, and every other Circumstances whether favorable or unfavorable to the Inhabitants—

No. 3 To the Board 6th Feby. 1816 Paras 26 to 28
No. 4 From do 29th Feby. 1816
No. 5 From the Board 23 June 1825

2. The Davastanums and Chettrams of Rameswaram were assumed by Mr. Peter with the sanction of your Board in consequence of mis management of the Pundarum and entrusted to the superintendence of the Head Tahsildar of Ramnad and subsequently to the Control of the Sub Collector who continued to manage the Davastanum affairs until the Ramnad Zemindary was made over to Ramasamy Tatiapatty the Zemindar, in the year 1829: the Rameswaram Davastanum was entrusted to the Zemindar's management at the same time as a temporary measure, in consequence of the Sub Collector having been appointed to another part of the District & the Zemindar was the only responsible person to whom I could with

propriety

12926 9

propriety and safety without the management pending the determination of your Board as to provisions for the future Davastanum management –

3 – The late Pundarum of whose conduct Mr. Peter complained died in the year 1815 and the present claimant appears by an order of Mr. Peter to the Head Tahsildar to have been nominated as his successor; altho' he was not allowed as his Predecessor exclusive controul, he was ordered jointly with the Sircar Servants to conduct the Davastanum affairs, he now claims exclusive management –

No. 6 Arzee from the Head Tahsildar dated 6 February 1816

No. 7 Taken to do. 13 July 1816

4 The Ramnad Zemindar or rather the manager in the Zemindar's behalf urges his right to the entire management of the Davastanum affairs on the grounds that the late Pundarum executed a deed to the former Kurtaugul agreeing to abide by his controul it appears to me to be unnecessary to dwell upon this claim as the Ramisvooram Davastanum has never been managed by the Zemindar since the date of the Permanent Sunnud, and before that period it is universally admitted that the Pundarum in succession conducted exclusively the Davastanum affairs – In Mr. Parish's time, attention was paid to the representations of Mungalaiswara Nautchyar relative to the misconduct of the Pundaurum, but this affair does not appear to have been placed by Mr. Parish in any way under the controul of the Zemindar – On general grounds however I think that the Supervision of the Zemindars is advisable to check abuses noted by Mr. Lushington & Mr. Peter –

No. 8 Arzee from the Zemindar of Ramnad 11th September 1832

No. 9 & 10 Copy of Memorandum and order of the Zemindar dated Ramnad that that year

No. 11 Mr. Parish's order to the Pundaurum

5 I think therefore that the Pundaurum might without objection be placed in immediate management of the davastanum of Ramaswarum and its Revenues, that the expenditure and the Sibbundy be arranged agreeably to a list fixed with reference to the usual disbursements and that the Zemindar be appointed supervisor with authority to interfere in controuling expenditure and checking abuses, and that periodical accounts of

receipts and Disbursements may be rendered to the Hoozoor, for the purpose of preparing which a Hoozoor Goomastah may be employed at Ramaswaram –

6 Concurring with my Predecessor that controul over the Davastanum expenditure and the Davastanum affairs is necessary to preserve its revenues from spoliation and to enforce a due performance of the necessary and usual ceremonies, As the Country of Ramnad is under the management of the Zemindar's family I would recommend that the Zemindar be nominated to this duty because they are people of integrity and responsibility and would, I have no doubt, discharge the duty of supervision with advantage to the interests of the Davastanum and their own credit –

7 The revenue of the Ramaswaram Davastanum are derived from 70 2/16 Villages the average revenue from which Amount

Vide A to rupees 46463 – 3 . the proposed annual expenditure is Rupees 38678 . .

*B Col. 14 which will leave rupees 7785 – 2 – 3 for the Zemindar's quit rent and occasional failure –

8 Your Board will observe that Rupees 17018 – 10 – 8 have been paid on account of the old debts of the Davastanum since the attachment in July 1824 there are still claims preferred to the Amount of Rupees 64900 a good part of which I am led to believe will fail on investigation, the portion which the claimants may succeed in substantiating can be gradually discharged by the Poojah mitchum or surplus after paying expenditure –

In reply to the 1st Question of your letter dated 13th Instant I have the honor to state that the District under my charge is at present in a state of profound tranquillity—

And in reply to the 2d question, that 4 Companies of Infantry will be necessary to preserve that tranquillity either stationed in a body at Madura or one company at each of the head-stations of the 4 divisions Vizt. Madura, Dindigul Shevagungah and Ramnad. The reason I consider the presence of a body of Military necessary in this District is because it abounds with Poligar families and people of the Kullar Caste, who occasionaly act on the impulse of the moment either for Preda-tory purposes or purposes of vengeance or in aid of Caste quarrels and on these occasions the Civil Sibbundy would have difficulty in suppre-ssing them—

Gentlemen

I have the honor to recommend that the Shevagunga Zemindary may be released from attachment on the terms proposed by the Zemindar in the accompanying Arzee, Viz. the immediate payment of one half the outstanding balance & the remainder by instalments corresponding with the Kists of the Current fusly 1242 — Should the present season be favorable I shall without doubt be able to realise the outstanding balance with the Current years Cist. Your Board will however perceive that the offer of the Zemindar is equally favorable to the Government while he will be relieved from the expense of Extra Sibundy — If the Security tendered be taken from the leading Ryots, there is no doubt that the balance will be punctually discharged —

Arzee from Rajah Mootoo Vizeah Ragoonatha

27A

Bootha Gooroosawmy Pareya Odya taver Zemindar of Shevagunga

From the time a fixed Peshcush was settled for my Zemindary up to Fusly 1240, it was usual on occasions of decrease of Revenue from failure of Rain to borrow money from Merchants and to pay the Kists, but before I had ascertained the expected produce of Fusly 1241 my Zemindary was assumed & placed under the Head Tahsildar at the period of the Second Kist, and owing to the failure of rain, my Zemindary decreased in cultivation. If my Zemindary had not been assumed at the period of the 2nd Kist whilst it was decreased in cultivation, I should have been able to induce the merchants to lend me money to pay the Kists without balance, but when the Merchants became acquainted with the produce and the Kist amount at the close of the year, they hesitated to advance money. I therefore went myself to Cauracoody, assembled the merchants & the Inhabitants, and spoke to them as to arrangements for liquidating the balance, and they now state, that orders have been received for releasing the Zemindary from attachment after the payment of the Balance of Fusly 1241 in full but the merchants engage to pay half of that Amount immediately if the Hoozoor should grant orders for the remaining half to be liquidated with the Kists of the Current Fusly, and the Inhabitants will all collectively pass Kararnamahs to the Hoozoor for the same, as the merchants and Inhabitants have agreed to these terms, I directed my Vakeel Gooroovapah Naik to report the Circumstance to the Hoozoor, and he informed me that the Hoozoor have been pleased to order me to address an Arzee on the Subject.

I have made arrangements with the merchants to pay down half the Amount of the outstanding balance and with the head Inhabitants for the payment of the remaining half with the Kists of the Current Fusly agreeably to which they will execute Kararnamahs

to

to the Hoozoor should you be pleased to comply with the request contained in this Arzee, My Zemindary and self will prosper otherwise should the attachment, continue I shall suffer great loss and distress I therefore beg you will be pleased to give orders to receive immediate payment of half the amount balance and to take Kararnamahs from the Inhabitants for the remaining half and release the Zemindary

(Signed) H. Viveash Pl. Collector

To The Sub Collector Madura

Sir

1 With reference to your letter dated 28th September 1832 I have the honor to state that I have no intention whatever of interfering with undisputed grants of un-appropriated land within the fort of Madura which you may have thought proper to issue —

2 The land granted by you near the Cutcherry to Soobaroyah and others has been appropriated as public Cutcherry ground since the time of Mr. Hardes it was immediately in my charge and the receipts of keeping the Government records and

treasure

-hered clear of huts induced me immediately and effectually to do what was necessary to recover the Cutchery ground already granted and prevent repetition of grants.

3 Had a proclamation notifying your intention been affixed to the ground previously to the issue of your grants, much disappointment to the Grantees and trouble to us would have been saved—

4 As to subversion of authority, I do not perceive how the term applies to my keeping clear, lands publicly entrusted to my charge; but in any case the orders given by me in the present occasion would merely amount to a reversal of your orders, which must occur in every case of approval from your decisions in which my judgment may differ with yours—

5 In the present case, you had issued grants for land which you conceived to be unappropriated, I determined that the Grants were improper and I revoked them, Any delicacy in the communication could not be necessary because as you had already acted, deliberation was out of the question—

6 I have written this much to shew you that my intentions on the present occasion were not intended by me to be an exception to that line of Courtesy which I have always endeavoured to preserve in my communication with the Subordinate officers of the Collectorate—

7 I am informed that if the unappropriated lands of Madura are sold by public auction they will fetch about 7000 Rup.s I have therefore directed the Head Moistry to send in a plan and valuation of the remaining ground that the further orders of Government may be obtained on the Subject—

Arzee from Mootoo Shella tavr Head Police Officer of Ramnad Zemindary —

The Commanding Officer of this place has given out information to the people for these 7 or 8 Days past, that a Decree has been passed for my Zemindary in Europe in favor of my adversary Shevagawmy Nautchyar, that Mr. Sullivan has writtens to a Gentleman at Palamcottah on the subject, and that Adjutt. Reid of Palamcottah had written to him on the occasion — The people of my adversary hearing this information have made a public conversation of it to the people of this place and in the villages and have by that means gained Credit and obtained the loan of money, and subsist themselves at this present time of scarcity —

No letters from my Vakeel at Madura, or thro' the Medium of the news papers, or any intelligence from yourself have given rise to such reports and I thought it unworthy of bringing them to your notice as unfounded but within the last 2 or 3 days — the Umildars of the neighbouring Talooks have reported that these reports have tended to cause disaffection in the minds of the people and they are careless and neglectful to their orders in the Concerns of Cultivation, in the payment

of

of the Revenue, the watching and guarding against the breaching of tanks and in the affairs of the Police—

This morning when a merchant of this place went to the Commanding Officer and had some conversation with him, he told him that Mr Sullivan had taken measures with the Board of Control, and that it has been determined to deprive me of my Zemindary, that he had received a letter on the subject, and read it to him, and put the same into Tamil, this Circumstance the merchant came and told me— Copy of the letter in English stated to have been received by the Commanding Officer which he told every person to take a Copy of, and Tamil of the same are herewith submitted, the contents of which will be known on a perusal of the same—

In the last year there has been no rain, but by your favor, Rain has been fallen in this year, and an abundant supply of water has been received and the tanks have been filled and the concerns of Cultivation are carried on, at this moment, disaffection has been raised in the minds of the people, and they are regardless in the Revenue & police duties, should such continue, how can the Ameens get the people to attend to their Cultivation, to pay the Revenue, and to repair the breaches of the tanks and watercourses by inundation;

I therefore beg that you will be pleased to send a proclamation as soon as possible to notify to the people that they would be punished by the Magistrate should they continue to promulgate such fabricated reports, and enjoin them to attend to their concerns of cultivating the lands, to pay their Kists, and to repair breaches of tanks, and other duties connected with the police and to obey the orders of the Ameens—

I leave your honor to comment on the Conduct of the Commanding Officer in making use of reports which are unfounded, and not authenticated by any public documents, and how improper it

is

-ite his dignity to make use of such assertions—

The Presence of R. Viveash Esqr.
Principal Collector of
Madura &c.

Arzee from Mootoosawmy Oathoovaur profes-
-sed of Poojah Ceremonies to the Village Ganapathe Sawmy
Covil at the fort gate of Ramnad—

The said Vellabay Ganapathy Sawmy Covil at the
east Gate of the fort existed from a long time before the fort was re-
built and is renowned for granting favors solicited, and it is usual for
people of this country to perform their vows by making Pongal and
breaking Coconuts to the Sawmy on Tuesday and friday—

The Commanding Officer, who is come to
this place these 3 Months ago, has for these some days past, pre-
-vented these Ceremonies being performed, and otherwise com-
-mits much annoyance, that is about, 4 or 5 Weeks back, one
friday evening when certain women were performing their
Ceremonies and their Offerings of Pongal in presence of the
Sawmy, the said Gentleman came there, and ordered the Pots
which were with offerings on the fire to be removed and thrown
away, and directed the Sepoys not to allow any Ceremonys
to be performed at that place in future— The women intrea-
-ted to be allowed to Cook the Offerings and that they would quit
the place as soon after they had performed their Ceremonies, to
which he gave no heed, but ordered the sepoys of the Pullar and
Pariah Casts to move the pots off the hearth with their feet, and
quenched the fire, and occasioned much disgrace— the people
who came to perform their vows went away crying and exclaim-
that

that such injustice was never known before — Two or three fridays subsequently likewise, the said Gentleman sent Subidars and Sepoys to the spot a little time before the commencement of the Ceremony and shortly afterwards came himself to the place on horseback and ordered the Pongul pots to be broke and the people to be pursued who came to break cocoanuts — On friday last 8 days ago, when people who were not aware of the interdiction were cooking their offerings, a Subidar came and abused and annoyed them, and went & told the said Gentleman, when the said Gentleman was seen coming on horseback, the women who were performing their pongul Ceremonies became frightened and took down the Victuals undressed from off the hearth, and quenched the fire, and when I was presenting the offering of the victuals to the Sawmy, the said Gentleman ordered me to be pushed and brought before his presence, and asked me why I allowed Pongul Ceremonies to be performed there and that he would knock down the Covil and threatened to strike me, and told to put me in the Rooth Barracks, and caused me to be polluted by being pushed about by the Sepoys and afterwards went away — The people have thro' the means of persons in Office and employ entreated that usual Custom might be allowed, and that the Ceremonies to the Sawmy should not be violated, to which he pays no attention — This morning friday when people came according to their vows to break cocoanuts to the Sawmy, they were prevented by the Sepoys, & the Sepoys further mentioned that they had orders from the Commanding Officer to break the Pongul pots which may be brought there in the Evening and that no light would be allowed to be kept in the Covil, after which the Sepoys went away — I do not know what troubles would be occasioned this evening — These Circumstances were reported to the Rajah of this place who is vested with the Authority of Head Police, but he pays no attention to redress them — Formerly the Colonels and other Commanding Officers who came to this place were delighted to see that the Ceremonies were performed with decency and grandeur, and none of them have acted in the manner

as

147
305

as the present Commanding Officer has done contrary to Rules, and to the annoyance of the people—

In the same manner as the Covil is situated at the place, the Ammooman Covil is situated at the fort Gate of Madura &c at the fort Gate and Ceremonies are at all times performed without the least interruption; as Ceremonies are only performed at this place on particular days, no inconvenience can be experienced to the people passing and repassing the Gates— Between the inner and outer Gate there is a sufficient open space and Mundabum buildings around— On the south of the inner Gate is the Covil facing the east, and in the presence of it facing to the west, the Pongul Ceremony is performed, it is therefore a great way on the South from the passage of the Gate way and no hindrance to any kind of Conveyance or passenger going or coming— Should any person be ordered to inspect the spot, this assertion will be verified— As it is not known from what motive of displeasure the Commanding Officer behaves in this manner, They that a letter may be addressed to him on the Subject, and that a proclamation may be made for the information of the public that they may perform their Ceremonies as usual, and that the Zemindar be directed to afford assistance to prevent any disturbances being occasioned in future—

To The President & Members
of the Board of Revenue

Gentlemen

I have the honor to acknowledge the receipt of your Secretary's Letter dated 19th of July last disapproving of the unauthorized appropriation of the funds destined for the Support of the Nattum Chutrum to the establishment of a Chutrom at Cottampatty—

The appropriation took place in the year 1822

the

R

the Chuttrum has been built at Kottamputty is of the greatest use as a halting place for travellors and in the opinion of all persons here the establishment would be of no public advantage at Covilputty—

From the enclosed translation of Mr. Hardis Sunnud, your Board will perceive that Munatchi Soondura Gooroekul is merely a Superintendent of the Concern on a Salary of 2 Chuckrums per Month, the expenditure was liable to strict scrutiny under rule laid down at the foot of Sunduk, it does not appear that he is entitled to the Chuttrum allowances and to his Salary only during good behavior, that is as long as the duties of the trust are faithfully discharged—

Brother of the petitioner Cadumbavanah Gooroekul

I therefore beg to recommend that the Chuttrum at Kottamputty be confirmed—

The Petitioner may continue to Superintend the Charity, but in this case I strongly recommend that he should be compelled to produce the Golden image of Kristnaswamy referred to in his petition whenever called on to do so, the more particularly as your Board will perceive in the Accompanying Sunduk that it has always been considered public property and the petitioner can scarcely be considered trustworthy of the privately appropriates it

To

The President & Members of the Board of Revenue

Gentlemen

1 I have the honor to acknowledge the receipt of your Secretary's letter dated 29th Ultimo regarding the prevailing practice of sending Peons to summon salt merchants to the Madura pans and the Cooperation of the Tahsildars of the District in inducing merchants to resort to the salt pans —

2 The Practice of sending to the usual dealers of the Madura salt pans has invariably obtained in this District, but it is not for the purpose of drawing the Custom of the dealers from the pans of the neighbouring districts, it is to check the sale of earth and spontaneous salt by endeavouring to keep their dealings in the Monopoly Salt up to the usual standard sales — If this practice is given up, considerable —

3 If the Salt Monopoly were perfect that is, if no salt were manufactured or procurable besides that manufactured by the Government, the Salt Agents would have nothing further to do, than quietly deliver the salt demanded by the dealers and be careful that all salt manufactured is brought to account, But it is certain

that

158
32

that the monopoly is assailed from all quarters, the spontaneous Salt is much more abundantly produced than the quantity manufactured, and earth salt equally good in quality with the Sea Salt is extensively manufactured in Tondiman's Country in Coimbatore and Shivagunga and in the western Talooks of the District when the Tahsildars cease their Vigilance to prevent-

It appears obvious to me that the monopoly Revenue must fail unless the various modes of encroachments with which it is assailed are effectually barred, If the Government venders of salt remain quietly at their posts, waiting the arrival of and neglect to send out for enquiry when their usual Customers desert them, the chances are that shops will be established for the sale of illegally acquired Salt, or for the sale of earth salt, I think therefore that the System which has prevailed in the Madura District of sending out peons for the old salt Customers and directing the Tahsildars to render assistance and to enquire and report when the sales of the Sea Salt by merchants fall below the usual consumption is a proper precaution against injury to the monopoly. I never heard that any complaint has been brought forward against the custom by the usual Salt dealers or their Customers defalcation in the Salt revenue is anticipated-

4 It is not of the slightest consequence to me whether the Salt is sold in the neighbouring district of Tanjore and Tinnevelly or in this District- the total salt revenue should not be allowed to fall off and I exert myself to the extent of my ability to see that there is no defalcation in my share of the sum total-

5 Competition can only exist between the salt pans on the immediate boundaries of the Tanjore and the Madura Districts and not much injury to the salt revenue can possibly arise

a is from the care of the authorities are attentive to the complaints which are certain to arise out of such competition for instance I have brought to the Notice of the Tanjore Principal Collector that his salt servants sell salt 10 ⅌ Ct in excess of the Monopoly rate to induce Merchants to resort to the Tanjore pans and he has brought to your Notice was that peons are sent out for the same purpose from the Madura pans; attention to this complaint will check losses to the revenues from the petty competition usually exerted among the local renders of neighbouring pans, I cannot imagine that any serious injury can generally arise from such competition, merchants will not go far out of their way to obtain a trifling advantage Inland dealers frequently bring with them grain, spices and drugs for sale from the interior if their goods are intended for the market of Trichinopoly or Poodoocottah or any other Town west of the Tanjore pans, they resort to the Tanjore pans for salt - if their object is to convey goods to any of the towns west of the Ramnad Coast, they will purchase the Madura salt, to divert the trade of the people from the bias which the usual course of their trade gives them, would in my opinion be impracticable, and if it were possible it would be most unwise, with these sentiments, I hope your Board will not fear any ill effects from zeal on my part -

6 The main object which I wish to effect for the Improvement of the salt revenue is the suppression of the sale of earth & spontaneous salt and frauds by the ryots, thro' the connivance of the salt servants, and to these points I am giving constant attention -

7 The salt Amildar has already been directed to be guided by the Rules of 1819 and it is my intention to proceed to the pans on the 1st of December ensuing to see that the arrangements are completed and to establish checks against the frauds of the ryots during the season of Manufacture -

8 I regret your Board should have considered it neglect on my part in not visiting the salt pans a year back this however

was

was scarcely practicable — On my return from Madras at the latter part of January I was obliged to commence arrangements for the Jummabundy of the Dindigul division which occupied the Cutchery and myself till May — I then proceeded to the Shivagungah district to commence the examination and Jummabundy of that district, which has occupied the attention of the Cutchery more or less around — Whilst in the Shivagunge District in May, I intended to visit the salt pans, the Country however was so parched and unhealthy that some of the Gomastahs caught fever and we returned — In July it was necessary to proceed to inspect the Guntamanaikenoor Zemindary, the Jumma-bundy of which was in progress and the ryots had been rendered discontented by reverting to the old standard of assessments in lieu of the light rates substituted by the Zemindar — I found it expedient also to proceed to Cumbum to ascertain the practicability of turning a stream down the Travancore Hills into the Vygay, whence I returned in August, the months of September and October were unfit to inspect the salt heaps in consequence of the rain, and my time was occupied in bringing the Shivagunga Jummabundy to a close, I have been compelled therefore to postpone my visit to the salt pans till the 1st of December next —

9 Under the management of the Head salt Sherista-dar Narsingarow, the salt sales were brought up to 2680 — in Fusly 1235 from 1111 Garces in Fusly 1227, this was effected chiefly I believe thro' the strict attention which was paid by that Officer to the prevention of dealings in Earth and illicit Salts which he effected by establishing or fixed orders in the Coast towns whereby the sale of stolen salt was prevented, and by constantly comparing the sales of the usual dealers of the interior with the usual amount of consumption, he also gave escort to the dealers to prevent their Cattle from molested or stolen when passing thro' the Kullar Countries. Whether the the System was wrong or right will depend I imagine upon the

quoting

question whether the increase in the Madura Salt sale effected the sales of the neighbouring districts of Tanjore and Tinnevelly or whether the increase was effected at the expence of sale of illicit salt or earth salt in the interior - May I request the favor of your Board therefore to compare the sales of the Madura Salt from July 1828 to 1835 with the sales of Tinnevelly and Tanjore for the same period - If the latter fell off in proportion to the increase of the former, I am inclined to the opinion that the Madura system of management is wrong, if however the Tanjore and Tinnevelly sales did not fall off as the Madura sales were increased, it is fair to conclude that the increase of the Madura sales arose by suppression of the sales of earth, spontaneous & stolen salt in the District, and therefore that the Madura system of active interfe-rence with the dealings of the salt Merchants is to be preferred -

Gentlemen

I have the honor to acknowledge the receipt of your Secretary's letter of the 8th Instant, and to submit a Memo of the quantity of Royal paper which will be required for the preparation of Accounts according to the Established form to the different Authorities at the Presidency, by which your Board will perceive that the probable quantity required is 42 Quires & 13 Sheets -

Previous

Previous to the new forms of Accounts the Annual Expenditure of Royal paper was from 9 to 10 Quires and that of Medium Paper in which the Accounts were formerly prepared with few Sheets to a Sett of Accounts was about 25 Quires; only 3 quires were furnished for this year, which with 8 Quires and 22 Sheets on hand at the commencement of the year were found insufficient to furnish the new forms of accounts from May 1832. The expenditure of Medium paper will in future be reduced—

In reply to your Secretary's letter
dated 12th Ultimo, I have the honor to Submit translation of an
Arzee which induced me to propose to your Board an examina-
tion

-nation of the Ramnad Coast for Pearl Oysters—

I cannot find that any pearl fishery has before occurred on the Coast dependent on this Collectorate— I think however the experiment might be made because the beds of Manar and Tuticorin are situated in the same Gulph of the Sea as the Spots pointed out to me, and there is no apparent cause why these Oysters should not congregate on the submerged banks off the Ramnad Coast south of Paumben as well as elsewhere in the Manar Gulph— The examination is of course entirely experimental—

To the presence of H Viveash Esqr. Principal Collector of Madura &c.—

Arzee from Appooyen Acting Amildar of the Salt pans in Ramnad and Shevagungah—

The orders of the 25th June mentions that information had been received that pearl Oysters are produced, in the Gulph of Manar at the conjunction of the Vygay and Coondaur Rivers in the limits of the Paumben Choukey, and that Pearl Oysters without pearls are found cast ashore, and directing me to summon the pilots and Amblagars and make enquiry of them relative to the Circumstance, and to report thereon accompanied with depositions on the Subject, and the places whereon they are produced— I sent orders to the Choukedar at the Paumben post, to make enquiry on the Subject, and he reports that the people say that young Pearl Oysters are sometimes found on the Shores in the Month of July and August from Danushcody to Coonthacaul when the Sholaga and Koridal winds are very strong but at the present time they are not found in these places— The above was reported in his Arzee of the 8th Instant but on Enquiry of Pitchaumblagaurn and Cawder pillay pilots who were sent to me by the said Choukeydar, they state, that the limits of the Port extend from the South of Vaithaulay as far as the South of Danushcody that

163 | 327

that they or their Ancestors have never seen any places where the pearl Oysters are produced, that for 4 or 5 years when the Sholaga winds had set very boisterously that they discovered in the Months of July and August, shells of young Pearl Oysters without any substance in them, open and cast on the shore of Moonthakaul, half a mile distance from Paumben and from thence on the shores extending as far as Danush-cody that they will ascertain whether any are to be found in the said Months of the present year, that they donot know whether the Shells are driven by the winds from the Pearl fisheries of Manar, and Sutacoory or whether they are from the Oysters which produce in the vicinity of the Paumbenport, that it depends upon an examination to be made, whether Pearl Oysters actually abound or not, that should it be necessary to make an examination, that 10 donies should be employed on the occasion, allowing to each doney 2 Kuls – 4 divers – 4 Mar Adahoo Persons – Charmers, and other Servants and that if such is to be undertaken, it may be commenced from the Month of Peruttashee to the 15th Aupessee (September & October) and in the Month of Tye 15th to the 30th Mausee (January and February) when the winds will be moderate – The Attache given by them is herewith submitted, and I shall abide according to orders –

and Peon Pargatonike at Danuchkody dated the 26th Instant, mentions that two Hoollah Donies arrived which setout from Manar on the 25th and that they were accompanied with 2 others Hoollah Donies for their assistance, that 6 Cooly Men were brought on them, and that when they asked the Tindal why the Coolies were brought on the Donies, they stated that they did so by order of the Collector of Manar, that they would continue to do so, and that they do not care for the orders of the Department, and further that they produced to them the orders of the Collector of Manar on the occasion, that on the 26th at 6 O'Clock in the morning Jally Boat Hoollah Do-ney No 3 Tindal Xavi Fernandez was despatched with 22 Packets being Mails from the 19th to the 21st accompanied with a report, and that No 4 doney Tindal John Fernandez was also sent with it for its assistance with a Chit and that 12 Cooly Men were taken with them on the said Donies contrary to orders, They further report, that when the two above said Donies were about the middle part of the sea, that the doney with the Mails in the front, broke, and that the mails and the people who went on it were drowned, that the doney which went for its assistance took up the packets and returned back to Danaskcody, that the packets which were quite wet, were put out on the Sun to dry; that the packets from Madras dated the 19th and 20th for Trincomallee were much da-maged, and that they have been dried in the sun and packed up again, that if the other packets be not opened and dried in the sun, that they will suffer damage - also that the doney which returned, together with the other 2 Donies which remained at Danaskcody have been dispatched in search of the Doney which had been sunk.

These Olahs came to me last night, upon which, I immediately wrote back to the Curnum directing him to open the packets and put out the letters to dry, and to make enquiry and report whether any of the Doney people and Cooly Men have been saved - I shall report as soon as I hear from him on the Subject - Though I have taken the necessary precautions to prevent Cooly people being transported on the donies conveying the Mails

Mails according to the orders I have received from the Hoozoor, yet as Cooley people came with the Mails on the donies from Manar, loss of lives has ensued and the Mails have suffered much injury — A Talook dony can only contain 4 persons, but should more than that Number be conveyed on them, the dony will suffer injury — Tho' the dony people were aware of the Circumstance, they have in disobedience of orders, transported a Number of people as above stated, and the Companys mails have not only suffered by it but lives have been lost — Consequently the dony people should be heavily fined, and the Government of Ceylon and the Collector of Manar should be requested to warn the dony people very strictly against allowing any person to be conveyed on them — Copies of 3 Olahs received from the Conicoply and others and Copy of the Letter from the Collector of Manar to the adapen of the Dony directing him to send the people on the dony are herewith submitted — and I shall abide according to orders which may be sent to me —

From Kistnasamypillay Toppaul Conicoply at Davenderry

On the 25th Instant, Dony No 3 Tindal Xavier Fernandez and No 2 Francis Dias, setout from Tullay Manar with the Mails and they were accompanied with 2 Donies for assistance No 1 Tindal Phillip Fernandez and No 4 John Fernandez these 4 Kollah donies arrived at this Place about 5 Persons were brought on them; I asked the Tindals why they brought these persons contrary to orders which had been given to them, to which they replied, that the adapen had received orders from the Collector at Cotlay Manaur and that they brought the people according to Mamool Custom, I asked for the said order, but he declined to give the original and told me to take a Copy of it, which I herewith send — On the 25th at 6 O'Clock in the morning the mails set out from Tullay Manaur and arrived at this place at 11 O'Clock on

on the same day; The Mails which were at this place were immediately delivered and ordered to proceed but as the winds were strong and cloudy, and the sea beating furiously they declined to proceed; on the 26th in the Morning at 6 O'Clock the Mails were delivered to the doney No. 3 Tindal Stave Fernan=dez and a Chit furnished to doney No. 4 to accompany it; about Twelve Cooly Men with loads were transported on the 2 Donies — I told them not to allow too many people to go on them, but they said would do so according to the order they had received, and that I may report the Circumstance to whom I pleased — I do not know what hire they received from the Coolies. They will no doubt in future convey people without any fear — I have re=ported this Circumstance for your information and I shall abide according to orders which may be sent to me —

26th November 1832 —

From Kistnasawmy Pillay Sappal Conicoply at Donascody

On the 26th Instant, at 6 O'Clock in the morning the mails from the 19th to the 21st being 22 Packets and one report were delivered to the Tindal Stave Fernandez of Doney No. 3 and a chit was furnished to doney No. 4 John Fernandez to accompany the same for assistance — about 12 Cooly people were transported on the said 2 Donies — I told them not to convey the people but they said that they would do so according to the order they had received, and that I may write on the subject to whom I thought proper and they went away — When the Doney which conveyed the Mails was in front, and the other assistant doney in the rear in the Centre of the sea between Tulley Mannaur and Donascody, and the Shores of either side not perceivable to them, the sea swelled with boisterous winds, when the floating plank of the Doney broke, and the doney was injured — the Mails and the people were drowned, but John Fernandez of Doney No. 4 took took up the packet of the Mails and returned hence, after delivering the packet, he took with him the two other donies which were at this place and they three Donies have proceeded in search of the Doney which was drowned — After the return of the donies, I shall report on the Circumstances which have transpired — On Examining the 22 Packets and the report I found that they were entirely wet, I have put the Packets out in the Sun to dry, and do not know in what state the letters are within them — The two packets of the 19th and 20th from Madras for Trincomalle, and the one packet of the 20th from Madras for

for Jaffnapatam were swelled from being in water. I kept the Tappaul people present with me and opened 3 Packets and found the letters and news Papers so as to be able to squeeze water from them, I put them out in the Sun to dry, & having selected the letters destinct according to the list of each packet, I have tied them up again. Should the rest of the packets be not opened and dried in the sun the letters within them will be damaged — I request to receive your orders whether I should open the rest of the packets and have the letters dried in the sun & afterwards despatch them, or whether I shall despatch them by tomorrows post to Sullay Mannar in the state in which they are at present — Until I receive your orders I shall detain the post —

26th November 1832 —

From Caryatombey Tappal Peon at Naulkaul Madom Station

Up to the 26th Instant I am attending to the duties of the Service with great deligence — The Tappaul of the 25th in the morning from Manar arrived at this place, with Chitt on Koolah Doney No 2 Tindal Francis Dias and No 3 Tindal Xavr Fernandez — No 1 & 4 Donies accompanied them for assistance — in all 4 Donies came, 5 persons came on them. The Tindals were asked why they brought people on the Donies contrary to the orders which were given them, to which they replied, that the Collector of Mannar had sent orders to their Adapen to transport people on the donies and that they have accordingly done so, and they presented the order which they brought to the Conicoply — After this two days Tappal arrived here. We told the Tindals to leave 2 Donies at this place and to proceed with 2 Donies with the Mails they said that the winds were unfavorable and would not do so — On the 26th in the morning at 6 OClock Tindal No 4 doney, and No 3 Tindal received the Mails, and took 12 persons with them — Myself and the Conicoply and the peon at the post, and the Cawlgars told them not to take the people with them, to which they said that they had orders to do so & would do accordingly and that we may write on the Subject to whom we pleased — We again made objections, but they would not adhere, and proceeded with the 12 Men. There is no doubt that they will in future transport people every day — I have reported this circumstance for information

To The President and Members of the Board of Revenue

Gentlemen,

With reference to the endorsement on Petition No 908 of 1832 from Syed Ismall, I have the honor to submit Translation of documents explanatory of the course of his public services—

Your Board will perceive that he served 8 years in the Judicial Department 8 years in the revenue as Tahsildar in the Government Talooks, and 7 years as Head Tahsildar in the Dewastanum of Ramnad making a Total of 23 years I think it should be determined that the time he was employed in charge of the Ramnad Zemindary while that estate remained attached is to count in aid of his claim to a pension under the recent orders of Government.

(Margin note: 23. Novr 1806 to 28 January 1813 - 8. — from 1813 to August 1821 } 8. 0 — from Septr 1821 to January 1822 Tahsr of Dewastanum — from February 1822 to 12 July 1828 as H2 Tahsr } 6. 6 — 23. 7)

The course of Syed Ismall's loss of office employment was explained in my letter to your Board dated 17th January 1829 the whole Ramnad Sibbundy was subsequently dismissed on the release of the Zemindary from attachment, your Board will observe that Syed Ismall has obtained great credit for zeal & ability - and I hope your Board may consider it proper to reward his services by a pension—
